

June 21, 2018

Dear Shareholder,

The Annual Meeting of Shareholders of Park Electrochemical Corp. will be held on Tuesday, July 24, 2018 at 11:00 A.M. As in recent past years, the Meeting will be held at the offices of the Company, 48 South Service Road, Melville, New York.

This year, in addition to the customary election of directors, advisory approval of executive officers' compensation and ratification of the appointment of the Company's independent registered public accounting firm, you are being asked to approve the Company's 2018 Stock Option Plan. These proposals are more fully described in the accompanying Notice and Proxy Statement.

This year, we are providing to our shareholders a copy of the Annual Report on Form 10-K for the fiscal year ended February 25, 2018 that the Company has filed with the United States Securities and Exchange Commission. That Report includes the Company's consolidated financial statements for such fiscal year. We are not providing our customary Annual Report to Shareholders in light of the ongoing strategic evaluation of our Electronics Business announced in our January 4, 2018 news release.

I hope to see you at the Annual Meeting. Thank you for your interest in our Company.

Sincerely,

A handwritten signature in black ink that reads 'Brian E. Shore'. The signature is written in a cursive style with a large initial 'B'.

Brian E. Shore
Chairman and Chief Executive Officer

PROXY STATEMENT

Annual Meeting of Shareholders

July 24, 2018

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the “Board”) of Park Electrochemical Corp. (the “Company”) of proxies with respect to the Annual Meeting of Shareholders of the Company to be held on July 24, 2018, and any adjournment or postponement thereof (the “Meeting”). Any shareholder of record giving a proxy (the form for which is enclosed with this Proxy Statement) has the power to revoke it at any time before it is voted by (i) delivering written notice of revocation bearing a later date than the proxy to the Secretary of the Company, (ii) submitting a later-dated proxy or (iii) attending the Meeting and voting in person. A beneficial owner (an owner who is not a shareholder of record) will receive a voting instruction form from such owner’s bank, broker or other nominee. To revoke any prior instruction, a beneficial owner should contact such owner’s bank, broker or other nominee prior to the time such bank, broker or other nominee exercises the voting instruction.

This Proxy Statement and the accompanying form of proxy are first being mailed on or about June 21, 2018 to all shareholders of record as of the close of business on June 8, 2018.

Driving directions can be obtained from the Corporate Secretary at the Company’s office at 48 South Service Road, Melville, NY 11747 or sgilhuley@parkelectro.com or dsmith@parkelectro.com or (631) 465-3618.

Important Notice Regarding the Availability of Proxy Materials for the 2018 Annual Meeting of Shareholders to be held on July 24, 2018:

This Proxy Statement for the 2018 Annual Meeting of Shareholders and the Company’s Annual Report on Form 10-K for the fiscal year ended February 25, 2018 are available on the Company’s web site at www.parkelectro.com under the caption “Shareholders”.

VOTING SECURITIES

As of June 8, 2018, the outstanding voting securities of the Company consisted of 20,244,558 shares of Common Stock, par value \$.10 per share, of the Company (the “Common Stock”), each of which is entitled to one vote. Presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock will constitute a quorum for the transaction of business at the Meeting. Abstentions and broker non-votes, if any, will be included for purposes of determining a quorum.

As of June 8, 2018, all directors and executive officers of the Company as a group (11 persons) beneficially owned an aggregate of 1,832,398 shares of Common Stock (including an aggregate of 489,384 shares which such directors and executive officers may acquire pursuant to options that are exercisable as of June 8, 2018 or will become exercisable within 60 days thereafter), constituting approximately 8.8% of the outstanding shares of Common Stock (giving effect to the exercise of such options).

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

The Board to be elected at the Meeting consists of five members. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the election as directors of the nominees whose names appear in the following table, to serve for the ensuing year and until their successors are elected and qualified. Each nominee has consented to be named in this Proxy Statement and has agreed to serve as a director if elected by the shareholders. If any of the nominees does not remain a candidate at the time of the Meeting (a situation which is not now anticipated), proxies solicited hereunder will be voted in favor of those nominees who do remain as candidates and may be voted for substituted nominees. Each of the five nominees who receives a majority of the votes cast at the Meeting in person or by proxy shall be elected, and abstentions and broker non-votes will have no effect on the outcome of the vote.

The Board recommends that shareholders vote “FOR” each of the five nominees as a director of the Company.

Each of the nominees is presently a member of the Board.

Nominees' Principal Occupations, Business Experience, Qualifications and Directorships

Dale E. Blanchfield has been a director of the Company since 2004 and has been the Company's Lead Independent Director since October 2012. See "Board Leadership Structure – Lead Independent Director" elsewhere in this Proxy Statement. Mr. Blanchfield worked in leadership positions in the U.S. printed circuit board industry continuously from 1958 until his retirement in 2003. From 1990 to 2003, Mr. Blanchfield was President of the Electronics Division of The Bureau of Engraving Inc., a manufacturer of specialized, high-volume, high layer count printed circuit boards, located in Minneapolis, Minnesota. During his career, Mr. Blanchfield has traveled extensively internationally and established a number of manufacturing partnerships, on behalf of The Bureau of Engraving, with companies in Singapore, Taiwan and China. Mr. Blanchfield was a director of The Bureau of Engraving Inc. from 2003 to December 2009. Mr. Blanchfield's extensive experience in the electronics industry allows him to provide the Board and the Company with insight into the electronics industry, in which the Company sells its electronics materials products.

Emily J. Groehl has been a director of the Company since May 2010. Ms. Groehl retired as Senior Vice President, Sales and Marketing of the Company in June 2005 after 20 years of service to the Company. Ms. Groehl served as Senior Vice President, Sales and Marketing of the Company from May 1999 until her retirement. From June 1985, when Ms. Groehl joined the Company, until May 1999, she held a number of positions of increasing responsibility within the Company. Prior to joining the Company, Ms. Groehl had been National Sales Manager of Polyclad Laminates, Inc. from 1980 to 1985, after beginning her career in the electronics materials industry in 1969 with Atlantic Laminates, and continuing with Oak Industries, which acquired Atlantic Laminates, until 1980. Ms. Groehl's background with the Company and extensive experience in the global electronics industry enable her to provide the Board and the Company with insight into that industry and to offer valuable perspectives on the Company's operations, culture and corporate planning and budgeting and on its marketing and sales efforts and programs.

Brian E. Shore has been a director of the Company since 1983, Chief Executive Officer since 1996 and Chairman of the Board since July 2004. He was also President of the Company from 1996 until July 28, 2014. Mr. Shore has been an employee of the Company since 1988. As the Company's Chief Executive Officer, Mr. Shore brings to the Board significant senior leadership and financial, business and industry experience. As Chief Executive Officer, Mr. Shore has direct responsibility for the Company's strategy and operations. Mr. Shore has significant executive experience with the strategic, financial, and operational requirements of the Company and extensive and intimate knowledge of the Company and its operations, personnel and financial resources.

Mr. Shore brings tremendous knowledge of the Company and the global electronics and aerospace industries to the Board. In addition, he brings his broad strategic vision for the Company to the Board. Mr. Shore's service as the Chairman of the Board and the Chief Executive Officer of the Company creates a critical link between management and the Board, enabling the Board to perform its oversight function with the benefits of management's perspectives on the Company's business. In addition, having the Chief Executive Officer, and Mr. Shore in particular, on the Board provides the Company with decisive and effective leadership.

Carl W. Smith has been a director of the Company since July 2015. Mr. Smith has many years of manufacturing and management experience in the aerospace composite materials industry. From 2000 to 2006, Mr. Smith was associated with Reinhold Industries, Inc., a manufacturer of structural and other components for the aircraft and aerospace industries, including composite seats, where, from 2004 to 2007, he was Assistant to

the Chief Executive Officer, working primarily on aircraft composite seat manufacturing and Federal Aviation Administration certification of laminate manufacturing and testing; and from 2000 to 2004, he was Chief Executive Officer of Samuel Bingham Enterprises, Inc., a subsidiary of Reinhold Industries and a manufacturer of rubber and urethane rolls to the graphic arts and industrial markets. From 1983 to 1998, he held various management and technical positions with Fiberite, Inc., the predecessor of Cytec Fiberite Inc., a subsidiary of Cytec Industries, Inc. and both manufacturers of advanced composite materials for the aerospace, commercial and recreational markets. He was President and Chief Operating Officer of Fiberite, Inc. from 1995 to 1997, when it was acquired by Cytec Industries, and he was Vice President of Operations of Cytec Fiberite, Inc. from 1997 to 1998. In 1994 and 1995, he was President of ICI Composites, Inc., the predecessor of Fiberite, Inc. and a subsidiary of Imperial Chemical Industries; and from 1983 to 1994, he held various management and technical positions with ICI and Fiberite. From 1976 to 1983, he held various technical positions with Martin Marietta Corporation, General Dynamics Convair and Composite Optics, Inc. Mr. Smith provided consulting services to the Company from 2009 to 2012, primarily for the Company's aerospace composite materials, structures and assemblies business unit in Newton, Kansas; and in 2006 and 2007 he served as Vice President of Advanced Composite Operations of the Company. He first joined the Company in April 1998 as Vice President of Operations of the Company and Chief Operating Officer of Nelco International Corporation, a wholly-owned subsidiary of the Company, and was elected Senior Vice President of North American Operations of the Company in May 1999, a position which he held until March 2000. Mr. Smith's twenty years of broad and extensive background and experience in the aerospace advanced composite materials industry, and in the manufacturing operations of aerospace composite materials manufacturers, enable him to provide the Board and the Company with insight into the aerospace advanced composite materials industry, in which the Company participates, and to assist the Company as it continues to make aerospace a major area of business focus in addition to electronics.

Steven T. Warshaw has been a director of the Company since 2004. Mr. Warshaw was Chairman of the Board, President and Chief Executive Officer of M Cubed Technologies, Inc., a manufacturer of ceramic materials for semiconductor equipment and armor applications, in Monroe, Connecticut from July 2002 to October 2005 and President, Hexcel Schwebel Division, Hexcel Corporation, a supplier of specialized fabrics for reinforcement of laminates used in printed circuit boards and in commercial aerospace, recreation and other industrial applications, in Anderson, South Carolina, from April 2000 to November 2001. Hexcel Schwebel was and is a supplier of raw materials to the Company. Prior to 2000, Mr. Warshaw was Senior Vice President, World Wide Sales and Marketing, of Photronics, Inc., a manufacturer of photomasks used to transfer circuit patterns onto semi-conductor wafers, in Brookfield, Connecticut, from February 1999 to April 2000 and President, Olin Microelectronic Materials, a supplier of advanced chemicals and related products, in Norwalk, Connecticut, from January 1996 to January 1999. Prior to 1996, Mr. Warshaw worked in numerous financial and management leadership positions with Olin Corporation (including Vice President, Strategic Development and Finance of Olin Chemicals Group, Vice President and General Manager of Olin Performance Urethanes, and President of Olin CIBA-Geigy (OCG) Microelectronic Materials). The Board has determined that Mr. Warshaw is an "audit committee financial expert" as defined in the rules of the Securities and Exchange Commission. Mr. Warshaw has been a director of NN, Inc. from 1997 to the present, and he is chair of the compensation committee of the board of directors and a member of the corporate governance committee of the board of directors of NN, Inc. Mr. Warshaw has extensive experience with corporate management, financial and accounting matters, evaluating financial results and overseeing the financial reporting process of a publicly owned corporation. In addition, his experience with Hexcel Corporation enables him to provide the Board and the Company with insight into the electronics and aerospace industries into which the Company sells its products.

There are no family relationships among any of the nominees named above or among any of such nominees and any of the other executive officers of the Company, except Benjamin W. Shore, the Company's Senior Vice President – Business Development, is the nephew of Brian E. Shore.

The Company was not during the 2018 fiscal year, and is not, engaged in any transaction with Dale Blanchfield, Emily J. Groehl, Carl W. Smith or Steven T. Warshaw, except Ms. Groehl provided consulting services to the Company for which the Company paid consulting fees to Ms. Groehl, as described below under "Director Independence".

Director Independence

The Board recently undertook its annual review of director independence in accordance with the applicable rules of the New York Stock Exchange. The independence rules include a series of objective tests, including that the director is not employed by the Company and has not engaged in various types of business dealings with the Company. In addition, the Board is required to make a subjective determination that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has determined that the following current directors and/or nominees have no material relationships with the Company and are “independent” as required by and as defined in the director independence standards of the New York Stock Exchange: Dale Blanchfield, Emily J. Groehl, Carl W. Smith and Steven T. Warshaw. In determining that Ms. Groehl is “independent”, the Board considered the fact that she provided consulting services to the Company during the Company’s fiscal years ended February 25, 2018 and February 28, 2016 for which the Company paid consulting fees to Ms. Groehl in the amounts of \$6,773 and \$1,450, respectively. Brian E. Shore does not satisfy such independence standards because he is an employee of the Company.

Board Committees

The Company’s Audit Committee currently consists of Dale Blanchfield, Carl W. Smith and Steven T. Warshaw, with Mr. Warshaw as Chair of such Committee. The Board of Directors has determined that Mr. Warshaw is an “audit committee financial expert” as defined in rules of the Securities and Exchange Commission and that each of Messrs. Blanchfield, Smith and Warshaw is “independent” as required by and as defined in the audit committee independence standards of the Securities and Exchange Commission and of the New York Stock Exchange and has sufficient knowledge in reading and understanding financial statements to serve on the Audit Committee. The designation as an “audit committee financial expert” does not impose on such person any duties, responsibilities, obligations or liabilities that are greater than those which are generally imposed on each member of the Committee and the Board, and such designation does not affect the duties, responsibilities, obligations or liabilities of any other member of the Committee or the Board. The duties and responsibilities of the Audit Committee are set forth in a written charter of such Committee, first adopted by the Board in July 2000 and subsequently amended and restated in May 2004, and are described elsewhere in this Proxy Statement under the caption “Other Matters – Audit Committee Report”. The Audit Committee also issues the Audit Committee Report required to be included in the Company’s Proxy Statement by rules of the Securities and Exchange Commission. The Audit Committee Report for the Company’s 2018 fiscal year is set forth elsewhere in this Proxy Statement under the caption “Other Matters – Audit Committee Report”.

The Company has a Compensation Committee and a Stock Option Committee each currently consisting of Dale Blanchfield, Carl W. Smith and Steven T. Warshaw. Mr. Blanchfield is Chair of the Compensation Committee, and Mr. Smith is Chair of the Stock Option Committee. The functions of the Compensation and Stock Option Committees are set forth in written charters of such Committees adopted by the Board, and such functions are described elsewhere in this Proxy Statement under the caption “Executive Officer Compensation – Compensation Discussion and Analysis – Board Process”.

The Company has a Nominating Committee currently consisting of Dale Blanchfield, Carl W. Smith and Steven T. Warshaw, with Mr. Blanchfield as Chair of such Committee. The functions of the Nominating Committee, which are to identify and recommend to the Board of Directors individuals qualified to serve as directors of the Company and on committees of the Board and to oversee the evaluation of the Board and the Company’s management, are set forth in a written charter of such Committee adopted by the Board. The Nominating Committee recommended to the Board, and the Board nominated, Dale Blanchfield, Emily J. Groehl, Brian E. Shore, Carl W. Smith and Steven T. Warshaw as nominees for election as directors at the Meeting.

The Company has a Corporate Governance Committee currently consisting of Dale Blanchfield, Carl W. Smith and Steven T. Warshaw, with Mr. Warshaw as Chair of such Committee. The functions of the Corporate Governance Committee, which are to advise the Board of Directors with respect to Board composition, procedures and committees and to develop and recommend to the Board proposed changes to the Company’s corporate governance principles, are set forth in a written charter of such Committee adopted by the Board.

Each member of the Compensation, Stock Option, Nominating and Corporate Governance Committees is “independent” as required by and as defined in the director independence standards of the New York Stock Exchange.

The charters of the Audit, Compensation, Stock Option, Nominating and Corporate Governance Committees are available on the Company’s web site at www.parkelectro.com under the caption “Shareholders - Charters and Codes” as required by rules of the New York Stock Exchange. In addition, the charters of such Committees are available in print to any shareholder upon request submitted to the Corporate Secretary at the Company’s office at 48 South Service Road, Melville, New York 11747.

During the Company’s last fiscal year, the Board met ten times and authorized action by unanimous written consent on eight occasions, the Audit Committee met eight times, the Nominating Committee met once, the Corporate Governance Committee met once, and the non-management directors met in executive session without management once. The Compensation Committee and the Stock Option Committee did not meet during the last fiscal year since no changes to executive officer compensation or stock option grants were proposed by management or any director for such fiscal year. At each meeting of the non-management directors, the Lead Independent Director presides. The functions of the Lead Independent Director are described elsewhere in this Proxy Statement under the caption “Board Leadership Structure”. Each of the directors attended more than 75% of all of the meetings held by the Board and each committee thereof of which such director was a member during the Company’s last fiscal year.

The Board’s Role in Risk Oversight

One of the Board’s functions is oversight of risk management. “Risk” is inherent in business, and the Board seeks to understand and advise on risk in conjunction with the activities of the Board and the Board’s committees. Management of the Company is responsible for identifying risk and risk controls related to significant business activities; mapping the risks to Company strategy; and developing programs and recommendations to determine the sufficiency of risk identification, the balance of potential risk to potential reward, and the appropriate manner in which to control risk. The Board implements its risk oversight responsibilities by having management provide periodic briefings on the significant voluntary and involuntary risks that the Company faces and how the Company is seeking to manage risk. In some cases, as with risks of new technology and risks related to product acceptance, risk oversight is addressed as part of the Board’s oversight of business and strategic developments. In other cases, a Board committee is responsible for oversight of specific risk topics. The Audit Committee oversees issues related to internal control over financial reporting, the Compensation Committee reviews risks that may be implicated by the Company’s compensation programs, as discussed below, and the Corporate Governance Committee oversees risks related to governance policies and practices. The Board and Board committees generally discuss relevant risks and risk control; and the Board members assess and oversee the risks as a part of their review of the related business, financial, or other activities of the Company. In addition, the Board receives presentations during the year from management regarding specific potential risks and trends as necessary. At each Board meeting, the Chief Executive Officer addresses matters of particular importance or concern, including any significant areas of risk requiring Board attention. The Board believes that the practices described above, and the current leadership structure, facilitate effective Board oversight of the Company’s significant risks.

Risk Assessment in Compensation Programs

The Board has assessed the Company’s compensation programs and has concluded that the Company’s compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Board Leadership Structure

Chairman of the Board. Brian E. Shore has served as the Company’s Chairman of the Board and Chief Executive Officer since 2004. The Board believes that having a combined Chairman of the Board and Chief Executive Officer and independent members of the Board, with a lead independent director, provides the best board leadership structure for the Company. This structure, together with the Company’s other corporate governance practices, provides independent oversight of management while ensuring clear strategic alignment throughout the Company. Specifically, Mr. Shore proposes strategic priorities to the Board, communicates its guidance to

management, and is ultimately responsible for implementing the Company’s key strategic initiatives. The Board has determined that this leadership structure is optimal for the Company because it provides the Company with strong and consistent leadership. Given the current regulatory and market environments, the Board believes that having one leader serving as both the Chairman of the Board and Chief Executive Officer provides decisive and effective leadership.

Lead Independent Director: Dale Blanchfield has served as the Company’s Lead Independent Director since October 2012. Pursuant to the Company’s Corporate Governance Guidelines, as amended, the independent directors of the Board will annually elect by majority vote a Lead Independent Director, who may be removed or replaced at any time with or without cause by a majority of the independent directors. The Lead Independent Director has the authority to call meetings of the non-management directors or the independent directors; develops agendas for meetings of the non-management directors or independent directors in consultation with the Chairman and Chief Executive Officer; presides at all meetings of the non-management directors or independent directors; provides input on the agenda for meetings of the Board; leads the independent directors in the annual evaluation of the performance of the Chief Executive Officer and communicates that evaluation to the Chief Executive Officer; consults with the Chairman on other matters that are pertinent to the Board and the Company; and has such other powers and responsibilities as requested by the Board.

Annual Meeting Attendance

It is the Company’s policy that all directors are invited to and encouraged to attend Annual Meetings of Shareholders, and all the members of the Board of Directors attended the Annual Meeting of Shareholders held on July 18, 2017.

Director Compensation

Each director who is not an employee of the Company or any of its subsidiaries receives a fee of \$22,000 per annum for services as a director; the Lead Independent Director receives a fee of \$7,000 per annum for services as such Director; each member of the Audit Committee, other than the Chairman of the Committee, receives a fee of \$2,000 per annum for services as a member of the Committee, and the Chairman of the Audit Committee receives a fee of \$4,000 per annum for services as Chairman of the Committee; each member of the Compensation Committee receives a fee of \$2,000 per annum for services as a member of such Committee; and each Director and each Committee member is reimbursed for travel expenses incurred in attending meetings of the Board and of Committees of the Board.

The following table shows all the compensation paid by the Company for the most recent fiscal year, February 27, 2017 to February 25, 2018 for each of the directors of the Company, other than Brian E. Shore. Mr. Shore did not receive any compensation in his capacity as a director. Mr. Shore’s compensation is set forth elsewhere in this Proxy Statement under the caption “Executive Officer Compensation — Summary Compensation Table”.

Name	Fees Earned or Paid in Cash (\$)	Option Awards (\$) ^(a)	Total (\$)
Dale Blanchfield	\$ 33,000	\$ 0	\$ 33,000
Emily J. Groehl	22,000	0	22,000
Carl W. Smith	26,000	0	26,000
Steven T. Warshaw	28,000	0	28,000

(a) No stock options were granted to the non-employee directors during the 2018 fiscal year. At February 25, 2018, the end of the Company’s last fiscal year, Mr. Blanchfield held outstanding stock options for 21,500 shares of Common Stock, Ms. Groehl held outstanding stock options for 18,509 shares of Common Stock, Mr. Smith held outstanding stock options for 10,500 shares of Common Stock, and Mr. Warshaw held outstanding stock options for 18,750 shares of Common Stock.

As previously reported by the Company, each of the aforementioned non-employee directors voluntarily reduced the director's annual fee by \$10,000 for the Company's 2019 fiscal year, February 26, 2018 to March 3, 2019, and the Chairman of the Board and Chief Executive Officer, Brian E. Shore, voluntarily reduced his annual salary from \$357,760 to \$250,000 for the 2019 fiscal year, not as cost reduction measures but as indications and symbols of their unified and enthusiastic commitment to, and support of, the Company's strategic evaluation of its electronics business and the other matters announced by the Company in its news release on January 4, 2018.

Director Stock Ownership Guideline

During the Company's 2013 fiscal year, the Board resolved that after a reasonable period of time each director should own approximately 1,000 or more shares of Common Stock. All of the directors satisfy such guideline.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

General. The Company's compensation of its executive officers is composed of annual base salary, annual discretionary cash bonus, annual stock option grant and the profit sharing portion of the Company's Employees' Profit Sharing and 401(k) Retirement Savings Plan (the "Profit Sharing Plan"). The Company does not have employment agreements or employment termination or severance agreements or change-of-control agreements with any of its executive officers or any of its other employees, other than (i) an employment agreement with the Managing Director of the Company's wholly owned subsidiary in Singapore, (ii) Retention Bonus Agreements with Christopher T. Mastrogiacomo, the President and Chief Operating Officer of the Company and one of the executive officers named in the "Summary Compensation Table" elsewhere in this Proxy Statement, and with one other officer of the Company and (iii) a provision in the Company's 2002 Stock Option Plan that in the event of a "Change in Control", as defined in such Plan, any outstanding options will become fully exercisable, all as described under "Executive Officer Compensation—Employment, Severance and Change-in-Control Agreements" elsewhere in this Proxy Statement. The Compensation Committee of the Board fully supports and endorses this compensation structure, which is designed to provide fair current income to the Company's officers, a discretionary cash award for individual and enterprise performance, equity participation in the Company's long-term performance as assessed by the capital markets in which the Company's common stock is traded and participation in the Company's profits through discretionary awards to the Profit Sharing Plan.

The Company's compensation of its executive officers is intended to be competitive with the compensation of executive officers at comparable companies, except for the compensation of the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a bonus and a salary increase each year since the Company's 2001 fiscal year, except for bonuses for the 2008 through 2014 fiscal years, which he donated in their entirety to charity. In addition, as disclosed elsewhere in this Proxy Statement and as previously reported by the Company, the Chief Executive Officer voluntarily reduced his annual salary from \$357,760 to \$250,000 for the 2019 fiscal year. However, it is difficult for the Company to ascertain meaningful comparisons because the Company has few, if any, peer-group companies which disclose compensation information since most of its competitors are privately owned or are divisions or business units or subsidiaries of larger publicly owned companies which do not disclose compensation information about the officers of the divisions, business units or subsidiaries of the companies that would serve as a basis for comparison. The Company's compensation of its senior management is also intended to align management's incentives with the long-term interests of the Company's shareholders and to be fair and equitable to the individual and to the Company's employees and shareholders.

The Compensation and Stock Option Committees determine specific amounts of salary increases, if any, bonuses, if any, and stock option awards, if any, based generally on the Chief Executive Officer's and the Committees' subjective view of the overall performance of each individual, any changes in functional responsibility, promotions, the significance of the individual's position to the Company, the individual's experience and expertise, information gathered informally as to compensation levels of comparable companies in the same geographic location as the Company and the Company's overall results of operations.

The Compensation Committee does not consider specific items of corporate or individual performance, other than the Company's overall results of operations, in setting compensation policies and making compensation decisions. Consequently, specific forms of compensation are not structured and implemented to reflect any specific performance items. In addition, there are no target levels with respect to certain performance-related factors, and the Committee does not utilize or consider any pre-determined or other objective criteria.

The Company and the Compensation Committee informally gather information as to compensation levels of comparable companies in the same geographic location as the Company, but the Company does not engage in benchmarking total compensation or any element of compensation. The Company's conduct in informally gathering information consists primarily of the Committee members' and the Chief Executive Officer's receipt of anecdotal information, proxy statements of other companies, which they receive because of their personal investments or otherwise, and information in newspapers, magazines and other publications. The Committee and the Chief Executive Officer consider this information in an informal way to assist them in understanding the state of the market for executive talent generally and in their deliberations and efforts to provide fair and equitable compensation to the Company's executive officers and other employees.

The amounts of compensation awarded for each element of the Company's compensation program (*i.e.*, salary increases, bonuses and stock options) are subjective and not based on any formula or any pre-determined or other objective criteria. The Compensation Committee's subjective assessments of the Company's "overall" results of operations include the Company's gross operating margins, operating income and net income. The Committee's assessment of an executive's "overall" performance may include such performance factors as leadership qualities, intensity of efforts, cost containment efforts and the success of product promotions. These qualitative inputs are not translated into objective pay determinations for the amounts of salary increases, bonuses or stock option grants.

Base Salaries. Salaries of executive officers are determined based on the significance of the position to the Company, individual experience and expertise, individual performance and information gathered informally as to compensation levels of comparable companies in the same geographic location as the Company, except the salary of the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a salary increase each year since the Company's 2001 fiscal year. The Compensation Committee reviews the salary of each executive officer annually and makes adjustments as appropriate, taking into account the recommendations of the Chief Executive Officer.

The Compensation Committee generally provides annual increases in base salaries to compensate for general inflation and cost-of-living increases and occasional, special increases as a result of changes in functional responsibility, promotions, extraordinary efforts, or special accomplishments and the other factors described elsewhere in this "Compensation Discussion and Analysis". However, no salary increases were provided in the 2018 fiscal year.

As disclosed elsewhere in this Proxy Statement and as previously reported by the Company, the Chief Executive Officer voluntarily reduced his annual salary from \$357,760 to \$250,000 for the 2019 fiscal year, February 26, 2018 to March 3, 2019, and each of the other directors of the Company voluntarily reduced the director's annual fee by \$10,000 for the Company's 2019 fiscal year, not as cost reduction measures but as indications and symbols of their unified and enthusiastic commitment to, and support of, the Company's strategic evaluation of its electronics business and the other matters announced by the Company in its news release on January 4, 2018.

Discretionary Annual Bonuses. Decisions as to the award of annual cash bonuses to executive officers with respect to each fiscal year are made after the close of the fiscal year. The amount awarded to each executive officer is based on the Company's overall performance, individual performance, base salary level, bonuses paid in prior years and overall equity and fairness, except the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a bonus each year since the Company's 2001 fiscal year, except for bonuses for the 2008 through 2014 fiscal years, which he donated in their entirety to charity.

The amounts of bonuses are based on the Chief Executive Officer's subjective assessments of the individual's overall performance and the other factors described elsewhere in this "Compensation Discussion and Analysis" and his recommendations to the Compensation Committee, which the Committee then reviews with the Chief Executive Officer and approves as appropriate. Such bonuses for the 2018 fiscal year have not yet been determined.

Equity Compensation. The only form of equity compensation that the Company has awarded consists of incentive stock options and non-qualified stock options under the Company's stock option plans.

The Stock Option Committee determines the number of options that it considers appropriate for each executive officer and other key employees of the Company. With the exception of significant promotions and significant new hires, the Stock Option Committee generally grants stock options under the Company's Stock Option Plan once each year following the availability to the Stock Option Committee of the financial results of operations of the Company and its subsidiaries for the prior year, the business plans of the Company's subsidiaries for the current fiscal year, the option grant recommendations of the presidents of the Company's subsidiaries and the evaluation of such recommendations by the senior management of the Company and the recommendations of the Chief Executive Officer of the Company. The Stock Option Committee provides annual stock option grants based generally on the individual's position in the Company, the individual's salary level, the amounts of grants in the past and the total amount expected to be expensed by the Company in the fiscal year for stock option grants and on the Chief Executive Officer's subjective view of the individual's overall performance and the other factors described elsewhere in this "Compensation Discussion and Analysis" and his recommendations to the Committee, which the Committee then reviews with the Chief Executive Officer. In granting stock options, the Stock Option Committee generally does not consider the equity ownership levels of the recipients. The Stock Option Committee did not grant any stock options for the 2017 or 2018 fiscal years to the named executive officers or to any other employees except one grant to a new employee in the 2017 fiscal year. The Stock Option Committee has the sole authority to grant stock options and has not delegated any authority to grant stock options.

The Company has not had, and does not have, a program, plan or practice to select the dates of grants of stock options to executive officers or to any employee or director of the Company in coordination with the release of material non-public information. The Company does not plan to time, and it has not previously timed, its release of material non-public information for the purpose of affecting the value of executive compensation. In addition, the Company does not have a program, plan or practice of granting stock options and setting the exercise price or prices of such options based on the price of the Company's Common Stock on a date other than the grant date. Pursuant to the terms of the Company's 2002 Stock Option Plan, which was approved by shareholders of the Company at the Annual Meeting of Shareholders held on July 17, 2002 and which terminated on May 21, 2018, and the 2018 Stock Option Plan, which the Board adopted on May 8, 2018 subject to approval of the shareholders of the Company at the Meeting (see "Proposal No. 3 - Approval of 2018 Stock Option Plan" elsewhere in this Proxy Statement), the purchase price of the Common Stock under each stock option granted by the Company is no less than the fair market value of the Common Stock at the time of grant, which, pursuant to the terms of such Plans, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option is granted.

Severance Benefits. The Company does not have a policy to provide specified severance benefits to employees whose employment is terminated by the Company and does not provide employment, termination or severance agreements or change-in-control agreements for its employees, except for (i) an employment agreement with the Managing Director of the Company's wholly owned subsidiary in Singapore, (ii) Retention Bonus Agreements with Christopher T. Mastrogiacono, the President and Chief Operating Officer of the Company and one of the executive officers named in the "Summary Compensation Table" elsewhere in this Proxy Statement, and with one other officer of the Company and (iii) a provision in the Company's 2002 Stock Option Plan that in the event of a "Change in Control", as defined in such Plan, any outstanding options will become fully exercisable, all as described under "Employment, Severance and Change-in-Control Agreements" elsewhere in this Proxy Statement.

Pension Benefits. The Board decides annually the amount of the Company's contribution to the Profit Sharing Plan, which is described elsewhere in this Proxy Statement under the caption "Summary Compensation Table". The amount of such contribution is discretionary, but may not exceed 25% of the total remuneration paid to eligible employees or such other amount as is allowed under the Internal Revenue Code of 1986, as amended (the "Code"). Subject to this limit, the Board determines the amount to be contributed for each year based on the Company's overall performance, the amounts contributed in prior years, the amounts of prior contributions recently forfeited by eligible employees due to termination of employment prior to vesting and recommendations from the Company's Chief Executive Officer. The Board determined that no profit sharing contributions would be made for the

executive officers or other employees of the Company for the 2017 fiscal year, although contributions were made for the employees of one business unit of the Company for the 2017 fiscal year. The percentages of compensation to be contributed to the Profit Sharing Plan for the 2018 fiscal year have not yet been determined.

When the Company calculates overall compensation for its senior management, it considers the benefits expected to be received under the Profit Sharing Plan.

Perquisites and Other Benefits. The only perquisites for senior managers are the provision of automobiles leased or owned by the Company to certain executive officers and other members of management.

Senior management also participates in the Company's other employee benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance.

Board Process. The Compensation Committee of the Board approves all salary and bonus compensation and the Stock Option Committee of the Board approves all grants of stock options for executive officers. Executive officers include the Chief Executive Officer, the Chief Financial Officer and the three other executive officers named in the "Summary Compensation Table" elsewhere in this Proxy Statement and the Senior Vice President – Business Development of the Company and the Senior Vice President - Aerospace of the Company. The Compensation Committee and the Stock Option Committee review the performance and compensation of the Chief Executive Officer and, following discussions with him, establish his compensation level. As he has in the past since the Company's 2001 fiscal year, the Chief Executive Officer declined to accept the Compensation Committee's offer of a salary increase for the fiscal year ended February 25, 2018. As disclosed elsewhere in this Proxy Statement and as previously reported by the Company, the Chief Executive Officer voluntarily reduced his salary from \$357,760 to \$250,000 for the 2019 fiscal year, February 26, 2018 to March 3, 2019. For the remaining executive officers, the Chief Executive Officer makes recommendations to the Compensation Committee and to the Stock Option Committee. The amount of discretionary contributions to the Profit Sharing Plan for each fiscal year is determined by the Board taking into account the recommendations of the Chief Executive Officer.

The Board, the Compensation Committee and the Stock Option Committee, as the case may be, use no set formulas in making their determinations and may ascribe different weight to different factors for each executive officer. The weight ascribed to each factor may vary from year to year.

The actions generally taken by the Compensation and Stock Option Committees described above with respect to base salaries and equity compensation were not taken during the 2018 fiscal year because no base salary adjustments or equity compensation awards were proposed by management or any director of the Company.

Deductibility of Executive Compensation. The Board and the Compensation Committee have reviewed the impact of Section 162(m) of the Code, which limits the deductibility of certain otherwise deductible compensation in excess of \$1 million paid to the Chief Executive Officer and the other executive officers named in the "Summary Compensation Table" elsewhere in this Proxy Statement. It is the Company's policy to attempt to design its executive compensation plans and arrangements to be treated as tax deductible compensation wherever, in the judgment of the Board or the Compensation Committee, as the case may be, to do so would be consistent with the objectives of that compensation plan or arrangement. Accordingly, the Board and the Compensation Committee from time to time may consider whether changes in the Company's compensation plans and arrangements may be appropriate to continue to fulfill the requirements for treatment as tax deductible compensation under the Code.

Nonqualified Deferred Compensation. Section 409A of the Code provides that amounts deferred under nonqualified deferred compensation arrangements will be included in an employee's income when vested, as well as be subject to additional taxes, penalties and interest, unless certain requirements are complied with. The Company believes that its compensation arrangements satisfy, or are exempt from, the requirements of Section 409A.

Shareholder Vote on Executive Compensation. The Company has considered the results of the most recent shareholder advisory vote on executive compensation required by the Securities and Exchange Commission's proxy rules in determining its compensation policies and decisions. In light of the high level of support the proposal to approve the compensation of the named executive officers received at the July 18, 2017 Annual Meeting and at prior Annual Meetings, the Company's compensation policies and decisions, explained in detail in this "Compensation Discussion and Analysis", continue to be designed to focus on pay for performance and to

align the long-term interests of the Company's executive officers with the long-term interests of the Company's shareholders. The Company will include a shareholder vote on executive compensation in its proxy materials each year until the next required vote on the frequency of shareholder votes on executive compensation or until the Company's Board of Directors otherwise determines that a different frequency is in the best interests of the Company and its shareholders.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management of the Company; and based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee were independent directors during the 2018 fiscal year, and none of them is, or has been, an employee or officer of the Company. During the 2018 fiscal year, none of the Company's executive officers served on the compensation committee (or equivalent) or the board of directors of another entity whose executive officers served on the Board or the Compensation Committee of the Board.

Summary Compensation Table

The following table shows all the compensation paid by the Company for the last three completed fiscal years for the Company's Chief Executive Officer, the Company's Chief Financial Officer and the three other most highly compensated executive officers who were serving in such capacities at the end of the Company's last completed fiscal year, which was February 25, 2018.

Mr. Shore has declined to accept the Compensation Committee's offer of a salary increase and a bonus each year since the Company's 2001 fiscal year, except for the bonuses for the 2008 through 2014 fiscal years, which he donated in their entirety to charity.

As disclosed elsewhere in this Proxy Statement and as previously reported by the Company, the Chief Executive Officer voluntarily reduced his salary from \$357,760 to \$250,000 for the 2019 fiscal year, February 26, 2018 to March 3, 2019. He volunteered such reduction without any consideration of the requirement to determine and disclose the Chief Executive Officer pay ratio disclosed elsewhere in this Proxy Statement and, therefore, not in anticipation of the requirement to disclose such ratio and with no intention to affect such ratio. As stated in the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission on January 10, 2018, he volunteered such reduction not as a cost reduction measure but as an indication and symbol of his commitment to, and support of, the Company's strategic evaluation of its electronics business and the other matters announced by the Company in its news release on January 4, 2018.

- (a) Information is provided for the Company's fiscal years ended February 25, 2018, February 26, 2017 and February 28, 2016.
- (b) The amounts of bonuses for the 2018 fiscal year have not yet been determined.
- (c) The amounts in this column are the grant date fair values of stock options granted to each of the named executive officers during such fiscal years, estimated at the date of grant using the Black-Scholes option-pricing model with the assumptions described in Note 5 of the Notes to Consolidated Financial Statements in Item 8 of Part II of the Company's Annual Report on Form 10-K for the fiscal year ended February 25, 2018 filed with the Securities and Exchange Commission (disregarding estimates of forfeitures for service-based vesting). These amounts do not correspond to the actual value that will be realized by the named officers if and when they exercise the options. The Company did not grant options to any of the named executive officers during the 2018 or 2017 fiscal years.
- (d) Consists solely of the amounts of the Company's annual profit sharing contributions to the Profit Sharing Plan which were accrued for the accounts of the named executive officers for the fiscal year shown. These amounts vest in accordance with a graduated scale based on years of service of the employee with the Company.

Substantially all full-time employees of the Company and its subsidiaries in the United States, including the Company's executive officers, participate in the profit sharing portion of the Profit Sharing Plan, which is intended to provide retirement benefits to such employees and which is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The amounts of profit sharing contributions, if any, by the Company and its subsidiaries to the accounts of participating employees are percentages of the eligible compensation of the participating employees up to a maximum amount of compensation for each employee established under the Code, which was \$270,000 for the Company's most recent fiscal year. The Board decides annually the amount of the Company's profit sharing contribution, which is discretionary, but may not exceed 25% of the total remuneration paid to eligible employees or such other amount as is allowed under the Code. Subject to this limit, the Board determines the amount to be contributed for each year based on the Company's overall performance, the amounts contributed in prior years, the amounts of prior contributions recently forfeited by eligible employees due to termination of employment prior to vesting and recommendations from the Company's Chief Executive Officer. The percentages of compensation contributed to the Plan may vary between the Company and each subsidiary, but the percentage must be the same for each participating employee of the Company or the subsidiary, as the case may be. No contributions were made for the executive officers or other employees of the Company for the 2017 fiscal year, although contributions were made for the employees of one subsidiary of the Company for the 2017 fiscal year. The percentages of compensation to be contributed to the Plan for the 2018 fiscal year have not yet been determined.

- (e) The Company provides no personal benefits to its executive officers other than automobiles for certain officers, the incremental cost to the Company of which is less than \$10,000 per year and is not included in the Summary Compensation Table.
- (f) Mr. Farabaugh joined the Company as Vice President and Controller in October 2007 and was elected Vice President and Chief Financial Officer on April 9, 2012 and Senior Vice President and Chief Financial Officer on March 10, 2016.

Grants of Plan-Based Awards in 2018 Fiscal Year

The only plan pursuant to which the Company granted awards of any kind to its executive officers or other employees was its 2002 Stock Option Plan, which terminated on May 21, 2018. The Board has adopted the 2018 Stock Option Plan subject to approval by the shareholders of the Company at the Meeting. See “Proposal No. 3 - Approval of 2018 Stock Option Plan” elsewhere in this Proxy Statement. The 2002 Stock Option Plan was approved by the Company’s Shareholders and provided for the grant of stock options to directors and key employees of the Company. The Company’s 2002 Stock Option Plan provides for the grant of both options which qualified as incentive stock options under the Code and non-qualified stock options. All options granted under the 2002 Stock Option Plan have exercise prices equal to the market value of the underlying Common Stock of the Company on the dates of grant, which, in accordance with the terms of the Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option was granted. Options granted under the Plan become exercisable 25% one year from the date of grant, with an additional 25% exercisable each succeeding anniversary of the date of grant, and expire 10 years from the date of grant. The 2002 Stock Option Plan is administered by the Stock Option Committee.

No options to purchase shares of Common Stock were granted pursuant to the 2002 Stock Option Plan to the named executive officers during or for the Company’s last two fiscal years. The Company does not have any non-equity or equity incentive plan and does not award stock to any of its executive officers or to any of its other employees.

Outstanding Equity Awards at 2018 Fiscal Year-End

The following table provides information regarding unexercised stock options held by the named executive officers as of the end of the Company’s last fiscal year. The table provides no information regarding equity incentive plan awards or stock awards because the Company does not have any equity incentive plan and does not award stock to any of its executive officers or to any of its other employees.

All stock options held by the named executive officers and by all other employees of the Company have been granted under the Company’s 2002 Stock Option Plan, which terminated on May 21, 2018. The Board has adopted the 2018 Stock Option Plan subject to approval by the shareholders of the Company at the Meeting. See “Proposal No. 3 - Approval of 2018 Stock Option Plan” elsewhere in this Proxy Statement. The 2002 Stock Option Plan was approved by the Company’s shareholders and provided for the grant of stock options to directors and key employees of the Company. All options granted under such Plan have exercise prices equal to the market value of the underlying common stock of the Company on the dates of grant which, in accordance with such Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option was granted. Options granted under the Plan become exercisable 25% one year after the date of grant, with an additional 25% exercisable each succeeding anniversary of the date of grant, and expire ten years after the date of grant.

- (c) All options expire ten years after the date of grant.

Option Exercises in 2018 Fiscal Year

The named executive officers did not exercise any stock options during the Company's last completed fiscal year. The Company does not award stock to any of its executive officers or to any of its other employees, and the Company has not granted any stock appreciation rights.

Pension Benefits and Non-Qualified Defined Contribution and Other Non-Qualified Deferred Compensation Plans

The Company does not have a defined benefit pension plan and does not provide pension benefits for its executive officers or for any of its other employees, and the Company does not have any non-qualified supplemental pension, defined contribution or other deferred compensation plan for its executive officers or for any of its other employees.

Employment, Severance and Change-in-Control Agreements

The Company does not have employment agreements or employment termination or severance agreements or change-in-control agreements with any of its executive officers or any of its other employees, other than (i) an employment agreement with the Managing Director of the Company's wholly owned subsidiary in Singapore, (ii) Retention Bonus Agreements with Christopher T. Mastrogiacomo, the President and Chief Operating Officer of the Company and one of the executive officers named in the "Summary Compensation Table" elsewhere in this Proxy Statement, and with one other officer of the Company and (iii) a provision in its 2002 Stock Option Plan that in the event of a "Change of Control", as defined in such Plan, any outstanding options will become fully exercisable. The 2018 Stock Option Plan, for which the Board is seeking shareholder approval in Proposal No. 3 in this Proxy Statement, does not provide for the acceleration of the exercisability of outstanding options in the event of a "Change of Control" (as defined in the 2018 Stock Option Plan), if the successor/acquirer company assumes or substitutes the options outstanding under the Plan with successor/acquirer options equal in value to options outstanding at the time of the "Change of Control". If the successor/acquirer assumes or substitutes the options outstanding under the Plan, accelerated vesting will occur only upon involuntary termination of employment without "Cause" (as defined in the 2018 Stock Option Plan) or voluntary termination of employment for "Good Reason" (as defined in the 2018 Stock Option Plan) within one year after the "Change of Control". All of the Company's executive officers and other employees are employees-at-will, meaning that either the employee or the Company may terminate the employee's employment at any time for any reason or for no stated reason and with or without an explanation.

The Retention Bonus Agreement with Mr. Mastrogiacomo is dated February 2, 2018 and provides that he will earn a one-time lump sum cash bonus of \$365,730 (which is the equivalent of Mr. Mastrogiacomo's current annual salary) on the date of the first transaction in which the Company consummates the sale or other disposition of all or a majority of the Company's electronics business to a non-affiliated third party if such closing occurs on or before April 30, 2019, and if Mr. Mastrogiacomo (i) is continuously employed by the Company from the date of the Retention Bonus Agreement through the date of such closing (the "Retention Period"), (ii) is terminated by the Company without "Cause" (as defined in the Retention Bonus Agreement) during the Retention Period or (iii) effectuates a voluntary termination of employment for "Good Reason" (as defined in the Retention Bonus Agreement) during the Retention Period. Mr. Mastrogiacomo also must execute a general release for the benefit of the Company and other specified persons, which must become effective prior to any payment under the Retention Bonus Agreement. The Retention Bonus Agreement with the other officer is the same as the Agreement with Mr. Mastrogiacomo but with a cash bonus of \$225,000. The Retention Bonus Agreements were executed by the Company in connection with the Company's strategic evaluation of its electronics business announced by the Company in January 2018.

If a "Change of Control", as defined in the 2002 Stock Option Plan, had occurred on February 23, 2018, the last business day of the Company's last completed fiscal year, the named executive officers could have realized the following values from the unexercisable stock options listed in the table elsewhere in this Proxy Statement under the caption "Outstanding Equity Awards at 2018 Fiscal Year-End" (with value realized equaling the market value of the underlying shares of Common Stock on February 23, 2018, which is the reported closing price of the Common

Stock on the New York Stock Exchange on such date, which was \$17.16, less the exercise price, times the number of shares that could be acquired, without deducting any taxes): Mr. Shore — \$46,900; Mr. Farabaugh — \$13,400; Mr. Mastrogiacomo — \$36,850; Mr. Gilhuley — \$13,400; and Mr. Petropoulos — \$16,080.

Chief Executive Officer Pay Ratio

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), which was signed into law by President Obama on July 21, 2010, the Securities and Exchange Commission (the “SEC”) adopted a rule in August 2015 requiring annual disclosure of the ratio of the annual total compensation of a company’s median employee to the annual total compensation of a company’s principal executive officer. The Company is providing the following information in accordance with this requirement.

In the 2018 fiscal year, the annual total compensation of Brian E. Shore, the Company’s Chief Executive Officer, was \$357,760, and the annual total compensation of the Company’s median employee was \$38,772. Consequently, the ratio of the annual total compensation of the Company’s Chief Executive Officer to the annual total compensation of the Company’s median employee was 9.2 to 1. If the Chief Executive Officer’s voluntary salary reduction from \$357,760 to \$250,000 had been in effect during the 2018 fiscal year, the ratio of the annual total compensation of the Chief Executive Officer to the annual total compensation of the Company’s median employee would have been 6.4 to 1.

The employee population used to identify the Company’s median employee for the 2018 fiscal year included all employees of the Company, not including Mr. Shore, whether employed on a full-time, part-time, seasonal or temporary basis, as of February 25, 2018, the last day of the Company’s 2018 fiscal year. As of such date, the Company had 377 total employees, with 223 employees in the U.S. and 154 employees in other countries. The Company’s compensation practices vary by country and within each country according to job title, skill level and other factors.

The Company used total cash compensation, including base salary or wages plus overtime pay for the 2018 fiscal year and annual wage supplements and bonuses actually paid during the 2018 fiscal year (for work performed during the 2017 fiscal year), as the consistently-applied compensation measure to identify the Company’s median employee. The Company annualized the total cash compensation for permanent employees who commenced work or were on leave during the 2018 fiscal year. No cost-of-living adjustments were made when identifying the median employee. Of the two potential median employees, the Company selected the employee who was employed by the Company for the full fiscal year. The Company otherwise did not make any assumptions, adjustments, or estimates with respect to the employee population or the compensation measure.

After identifying the median employee, the Company calculated the annual total compensation for the median employee using the same methodology used for the named executive officers as set forth in the “Summary Compensation Table” in this Proxy Statement. As described in such “Summary Compensation Table”, neither Mr. Shore’s bonus nor the percentages of compensation to be contributed to the Profit Sharing Plan have been determined for the 2018 fiscal year as of the date of this Proxy Statement. With respect to the bonus, the annual total compensation for Mr. Shore does not include a bonus amount and the median employee is not eligible for a bonus. With respect to the Profit Sharing Plan contribution, the annual total compensation amounts for Mr. Shore and for the median employee assume no Profit Sharing Plan contributions for the 2018 fiscal year since no such contributions were made for the 2017 fiscal year. If Mr. Shore receives a bonus for the 2018 fiscal year or if a Profit Sharing Plan contribution is made for Mr. Shore for the 2018 fiscal year, and if such bonus or contribution has a material impact on the pay ratio, the Company will include a revised pay ratio in a Current Report on Form 8-K filed pursuant to Item 5.02(f) of such Form.

SEC rules provide flexibility in the method of determining the median employee and calculating the pay ratio, and therefore the pay ratio reported may not be comparable to the pay ratio reported by other companies, including peer companies.

TRANSACTIONS WITH RELATED PERSONS

The Company's Related Person Transactions Policy provides that any transaction between the Company and any director or executive officer of the Company or any beneficial owner of more than 5% of any class of the Company's voting securities or any immediate family member of a director or executive officer of the Company or such beneficial owner, in which the amount involved exceeds \$120,000, requires the approval of the Company's General Counsel or Chief Executive Officer, and the Board. The Policy, together with the Company's Code of Ethics and Code of Business Conduct and Ethics, provides that related person transactions generally are prohibited unless the Board determines in advance that any such transaction is conducted on terms that are fair to the Company and in the best interests of the Company and its shareholders. The Company's Related Person Transactions Policy is available on the Company's web site at www.parklectro.com under the caption "Shareholders – Charters and Codes".

During the last fiscal year, Brian E. Shore, the Company's Chief Executive Officer, from time to time used an aircraft owned by him to conduct business on behalf of the Company. The Company paid Mr. Shore an aggregate of \$82,950 as reimbursement for a portion of the costs associated with the use of this aircraft for Company business. The Board believes that the amounts paid by the Company to Mr. Shore as reimbursement for use of this aircraft for Company business were substantially less than the amounts that the Company would have paid for the use of a similar aircraft owned by an independent third-party. The Board also believes that such amounts reimbursed to Mr. Shore were substantially less than the costs incurred by Mr. Shore and attributable to such use of this aircraft and substantially less than the costs associated with the type of aircraft owned by Mr. Shore provided by an independent aircraft expert and that the use of Mr. Shore's aircraft for Company business inured to the benefit of the Company.

PROPOSAL NO. 2 - ADVISORY (NON-BINDING) RESOLUTION RELATING TO COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), which was signed into law by President Obama on July 21, 2010, requires public companies to provide their shareholders with a non-binding vote to approve executive compensation at least once every three years. The Company is providing this shareholder advisory vote on its executive compensation in accordance with Section 14A of the Exchange Act and Exchange Act Rule 14a-21(a), which the Securities and Exchange Commission (the "SEC") adopted on January 25, 2011 in order to implement the Dodd-Frank Act's requirement. See "Executive Officer Compensation – Compensation Discussion and Analysis – Shareholder Vote on Executive Compensation" for information regarding the frequency of shareholder votes on executive officer compensation.

As described in the "Compensation Discussion and Analysis" elsewhere in this Proxy Statement, the Compensation and Stock Option Committees have developed an executive officer compensation program designed to pay for performance and to align the long-term interests of the Company's executive officers with the long-term interests of the Company's shareholders. The Company's disclosure in the Compensation Discussion and Analysis and the disclosure included elsewhere in this Proxy Statement under the caption "Executive Officer Compensation" have been provided in response to the requirements of Item 402 of Regulation S-K of the SEC and explain the compensation policies under which the Company paid its named executive officers for the 2018 fiscal year.

Under the Dodd-Frank Act and the related SEC rules, the Company's shareholders' vote on this resolution is an advisory or "non-binding" vote. This means that the purpose of the vote is to provide shareholders with a method to give their opinion to the Board and the Compensation and Stock Option Committees about the Company's executive officer compensation. The Board is not required by law to take any action in response to the shareholder vote. As an advisory vote, the outcome of this vote is not binding on the Company or on the Board. However, the Board and the Compensation and Stock Option Committees will consider the voting outcome in connection with their ongoing evaluation of the Company's compensation programs and arrangements.

Shareholders are being asked to approve the Company's named executive officer compensation as described in this Proxy Statement. This approval vote is not intended to address any specific element of compensation but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in this Proxy Statement.

The Board recommends that shareholders approve the following resolution:

RESOLVED, that the shareholders approve the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission (including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures).

Vote Required

Approval of the compensation of the Company's named executive officers, on an advisory basis, requires the affirmative vote of the holders of a majority of the shares casting votes in person or by proxy on this proposal at the Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The Board recommends that shareholders vote “FOR” approval of the compensation of named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the approval, on an advisory basis, of the Company's named executive officer compensation.

PROPOSAL NO. 3 - APPROVAL OF 2018 STOCK OPTION PLAN

The Park Electrochemical Corp. 2002 Stock Option Plan, as amended July 2008 (the “2002 Plan”), terminated on May 21, 2018, and the authority to grant options under such Plan expired on such date. As of May 21, 2018, an aggregate of 888,204 shares of common stock were reserved for future issuance pursuant to outstanding stock options under the 2002 Plan, and no shares of common stock remained available for issuance thereunder pursuant to future stock option grants as of that date.

The Board is asking shareholders to approve the Park Electrochemical Corp. 2018 Stock Option Plan (the “2018 Plan”) to replace the 2002 Plan under which stock options are granted. Stock options are granted to provide appropriate incentives to certain employees, including officers, to offer an additional inducement to obtain the services of employees, directors and consultants, and to further align the interests of such persons with the interests of the Company's shareholders.

For purposes of this proposal, the “Company” refers to Park Electrochemical Corp. and its present or future subsidiaries, or any one of them, unless the context otherwise requires, and the words “Share” or “common stock” refers to the common stock of Park Electrochemical Corp.

Stock options previously granted under the 2002 Plan will remain outstanding pursuant to the terms of the 2002 Plan. The remaining Shares under the 2002 Plan will not be rolled into the 2018 Plan and will not become available for grant thereunder. Under the 2018 Plan, 800,000 Shares will be available for issuance pursuant to stock options granted under such Plan.

The Board approved the 2018 Plan on May 8, 2018 and it became effective on that date, subject to shareholder approval at the Meeting. If shareholders do not approve the 2018 Plan, any stock option grants thereunder will be null and void, and the Company would be unable to issue stock options, which could impair the Company's ability to recruit and retain the talent necessary to maintain and grow the business of the Company.

Summary of the 2018 Plan

The summary of the 2018 Plan that follows is qualified, in its entirety, by the provisions of the 2018 Plan, which is attached as Appendix A to this Proxy Statement.

Key Features Protecting Shareholder Interests and Promoting Effective Corporate Governance. The 2018 Plan includes the following features to protect shareholders' interests and to promote effective corporate governance:

- Minimum one-year vesting. The 2018 Plan requires that all stock options have a minimum vesting period of one year from the grant date, provided, that stock options with respect to 5% of the total Shares authorized to be issued under the 2018 Plan may be granted under the 2018 Plan with a vesting period of less than one year.
- No discounted stock options. The 2018 Plan prohibits the granting of stock options with an exercise price less than the fair market value of the common stock on the grant date.

- No repricing of stock options, except for limited circumstances as set forth in the 2018 Plan as it relates to special or extraordinary distributions or dividends. The 2018 Plan prohibits the repricing of stock options either by payment in cash, by amendment of a stock option contract or by substitution of a new stock option at a lower price, in each case, without shareholder approval.
- Non-employee director limit. The 2018 Plan provides that the aggregate fair market value of all options granted to any non-employee director during any fiscal year shall not exceed \$500,000.
- Individual limit. No individual may receive in any fiscal year, stock options which in the aggregate exceed the greater of (i) 50% of the total number of Shares granted under the 2018 Plan in any such year or (ii) 100,000 Shares.
- Change of control. No single trigger vesting on a “Change of Control”, as defined in the 2018 Plan, if stock options outstanding under the 2018 Plan are assumed or substituted. The 2018 Plan does not accelerate the vesting of unvested stock options upon a change of control if the successor/acquirer company assumes or substitutes the outstanding stock options with successor/acquirer company options equal in value to stock options outstanding at the time of the Change of Control. If the successor/acquirer assumes or substitutes the outstanding stock options, accelerated vesting will occur only upon involuntary termination of employment without “Cause”, as defined in the 2018 Plan, or voluntary termination of employment for “Good Reason”, as defined in the 2018 Plan, within one year after the Change of Control.
- No dividend equivalents or dividends. The 2018 Plan prohibits the payment of dividend equivalents or dividends on stock options.
- Independent committee administration. The 2018 Plan is administered by the Stock Option Committee, whose members are independent under New York Stock Exchange rules and satisfy the “non-employee director” requirements of Rule 16b-3 of the Exchange Act.

Share Reserve and Stock Option Limits. The 2018 Plan provides for the grant of stock options to directors, officers, employees and consultants of the Company to acquire up to an aggregate of 800,000 Shares (the “Shares Available for Issuance”). For purposes of calculating the Shares Available for Issuance, each stock option to purchase a Share will be counted as one Share. If a stock option expires or is terminated without being exercised, the Shares covered by such stock option would revert to Shares Available for Issuance. Shares used to satisfy the payment of exercise price or any federal income tax or other withholding requirements will not be included in Shares Available for Issuance under the 2018 Plan for grants of stock options. Shares issued under the 2018 Plan may be authorized shares that have been previously unissued or Shares held in treasury.

Administration. If approved by shareholders, the Stock Option Committee will administer the 2018 Plan. The Stock Option Committee has the authority to select the persons to whom stock options are granted, to determine or modify the form, amount, terms, conditions, restrictions, and limitations of stock options (including vesting provisions (time or performance), terms of exercise or settlement and expiration dates) and to make all other determinations necessary or desirable for the administration of the 2018 Plan. Additionally, the Stock Option Committee may send any action or determination to the Board for its review, approval or ratification, provided, that the Board may also act in place of the Stock Option Committee for these purposes.

Eligibility. Stock options may be granted under the 2018 Plan to directors, officers, employees or consultants of the Company. As of the date of this Proxy Statement, the Company has four non-employee directors, seven executive officers/Section 16 officers, and approximately 100 other employees who may be eligible to receive stock options under the 2018 Plan.

Stock Options under the 2018 Plan. The 2018 Plan permits the grant of options to purchase Shares that are intended to qualify as incentive stock options under the Internal Revenue Code, and options to purchase Shares that do not qualify as incentive stock options (“non-qualified options”). The exercise price of each stock option may not be less than 100% of the fair market value of the Shares on the date of grant. In the case of certain 10% shareholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of the Shares on the date of grant. An exception to these requirements is made for adjustments to outstanding

stock options as a result of changes to the Shares in certain corporate transactions where the exercise price would be adjusted to preserve the economic value of such stock option. For these purposes, “fair market value” shall mean the reported closing price of a Share on the New York Stock Exchange on the date preceding the grant date.

The term of each stock option is fixed by the Stock Option Committee and may not exceed ten years from the date of grant; provided, however, that in the case of certain 10% shareholders who receive incentive stock options the term of the stock option may not exceed five years.

An optionee may pay the exercise price of a stock option by cash, check, bank draft, money order, wire or other transfer of funds to the Company, or to the extent authorized by the Stock Option Committee, by tendering Shares or by means of a broker-assisted cashless exercise.

Stock options granted under the 2018 Plan may not be transferred other than by will or under applicable laws of descent and distribution. However, the 2018 Plan permits limited transfers of non-qualified options for the benefit of family members of grantees not for value, as determined by the Stock Option Committee.

Stock options may not be repriced, directly or indirectly, without shareholder approval.

Performance-Based Stock Options under the 2018 Plan. The 2018 Plan permits the inclusion of one or more performance components for stock options. With each performance-based stock option, the Stock Option Committee will specify the performance goal or goals and other criteria to be achieved. There may be more than one performance-based stock option in existence at any one time and performance periods may differ. Also, performance-based stock options under the 2018 Plan may have different performance goals or other criteria for an optionee or different optionees. These specifications will be in writing as part of the stock option contract, and the Stock Option Committee will make any determination as to the achievement of any performance goals relating to performance-based stock options.

Termination of Employment or Service (other than Change of Control). Except as otherwise set forth in the applicable stock option contract or an applicable employment, consulting or severance agreement, in the event an optionee’s employment or service terminates, then all of the optionee’s stock options will be treated as follows:

- If the termination of employment or service is for “Cause,” as defined in the 2018 Plan, or without the consent of the Company, all unexercised stock options, whether vested or unvested, will be forfeited and canceled as of the date of the termination of employment or service.
- If the termination of employment or service is due to the optionee’s “disability,” as defined in the 2018 Plan, all unvested stock options will be forfeited and canceled as of the date of the termination of employment or service and vested stock options will be exercisable for one year after such optionee’s termination of employment or service.
- If the termination of employment or service is due to the optionee’s death, all unvested stock options will be forfeited and canceled as of the date of the termination of employment or service and vested stock options will be exercisable for six months (by the executor, administrator or such other person entitled by law to such rights under such stock options) after such optionee’s termination of employment or service.
- If the termination of employment or service is due to other reasons, generally all unvested options will be forfeited and cancelled, and vested stock options that have vested and are exercisable will remain exercisable until three months after the date of the termination of employment or service.

Change of Control. The 2018 Plan generally provides for double-trigger vesting upon a “Change of Control”, as defined in the 2018 Plan. If the outstanding stock options are assumed or substituted by the acquiring entity or successor, the vesting of such stock options will be accelerated (and, as applicable, accelerated exercisability and continued or deemed determination regarding achievement of any performance criteria) upon involuntary termination of employment without “Cause”, as defined in the 2018 Plan, or voluntary termination of employment by the optionee for “Good Reason”, as defined in the 2018 Plan, within one year after the Change of Control.

If the outstanding stock options are not assumed or substituted by the acquiring entity or successor, then the Stock Option Committee may take such action as it deems appropriate to provide for the accelerated vesting and exercisability of outstanding unvested stock options.

Adjustment of Stock Options. The number of Shares of outstanding stock options, the Shares Available for Issuance, the exercise price of each outstanding stock option, and the other terms and conditions of outstanding stock options will be subject to adjustment in the event of any recapitalization, reclassification, share split, reverse split, combination of shares, exchange of shares, share dividend or special dividend or distribution or other similar transaction affecting Company common stock.

Expiration Date and Amendment and Termination. No stock option grants may be made under the 2018 Plan following ten years from its effective date.

The Stock Option Committee may amend, suspend or terminate the 2018 Plan at any time with respect to grants of stock options that have not been made. No amendment to the 2018 Plan may modify the 2018 Plan without shareholder approval to the extent such approval is required by applicable law or stock exchange requirements. Additionally, no amendment may impair the rights of optionees regarding outstanding stock options without their written consent.

Federal Income Tax Consequences

Incentive Stock Options. Under the Internal Revenue Code, incentive stock options may only be granted to employees of the Company.

The grant of an incentive stock option will not be a taxable event for the optionee or for the employer. An optionee will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of Shares received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the optionee holds the Shares for at least two years after the date of grant and for one year after the date of exercise (the “holding period requirement”). The employer will not be entitled to a compensation expense deduction with respect to the exercise of an incentive option, except as discussed below.

For the exercise of an incentive stock option to qualify for the foregoing tax treatment, the grant must be made by the optionee’s employer or a parent or subsidiary of the employer. The optionee must remain employed from the date the stock option is granted through a date within three months before the date of exercise of the stock option. If all of the foregoing requirements are met except the holding period requirement mentioned above, the optionee will recognize ordinary income upon the disposition of the Shares in an amount generally equal to the excess of the fair market value of the Shares at the time the stock option was exercised over the exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain. The employer will be allowed a compensation expense deduction to the extent that the grantee recognizes ordinary income.

Non-Qualified Options. The grant of a non-qualified option will not be a taxable event for the optionee or for the Company. Upon exercising a non-qualified option, an optionee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Shares on the date of exercise. Upon a subsequent sale or exchange of Shares acquired pursuant to the exercise of a non-qualified option, the optionee will have taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the Shares (generally, the amount paid for the Shares plus the amount treated as ordinary income at the time the stock option was exercised). The employer will generally be entitled to a compensation expense deduction in the same amount and generally at the same time as the optionee recognizes ordinary income.

Registration with Securities and Exchange Commission

If shareholders approve the 2018 Plan, a registration statement on Form S-8 covering the Shares Available for Issuance will be filed with the Securities and Exchange Commission.

New Plan Benefits

Grants of stock options under the 2018 Plan will be made at the discretion of the Stock Option Committee. Accordingly, it is not possible to currently determine the amount of grants of stock options that will be made under the 2018 Plan.

Equity Compensation Plan Information

The following table provides information as of the end of the Company's most recent fiscal year with respect to compensation plans (including individual compensation arrangements) under which equity securities of the Company are authorized for issuance.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (A)) ^(b)
	(A)	(B)	(C)
Equity compensation plans approved by security holders ^(a)	885,554	\$17.55	573,576
Equity compensation plans not approved by security holders ^(a)	-0-	-0-	-0-
Total	885,554	\$17.55	573,576

- (a) As of the end of the 2018 fiscal year, the Company's only equity compensation plan was its 2002 Stock Option Plan, which was approved by the Company's shareholders in July 2002 and terminated on May 21, 2018. Authority to grant additional options under the 2002 Plan expired on May 21, 2018, and all options granted to date under the 2002 Plan will expire in April 2028 or earlier. The Board has adopted the 2018 Stock Option Plan subject to approval by the shareholders of the Company at the Meeting.
- (b) As of the date of this Proxy Statement, no securities remain available for future issuance since the 2002 Stock Option Plan terminated on May 21, 2018 and authority to grant options under the 2002 Plan expired on that date.

Vote Required

Approval of the 2018 Plan requires the affirmative vote of the holders of a majority of the shares casting votes in person or by proxy on this proposal at the Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The Board recommends that shareholders vote "FOR" approval of the 2018 Plan, as disclosed in this proxy statement. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the approval of the 2018 Plan.

PROPOSAL NO. 4 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019 FISCAL YEAR

The Audit Committee has appointed CohnReznick LLP as the Company's independent registered public accounting firm for the current fiscal year, which ends March 3, 2019, to audit the consolidated financial statements of the Company and its subsidiaries for the 2019 fiscal year and the Company's internal control over financial reporting; and the Board is requesting ratification of such appointment by the shareholders at the Meeting. If this appointment is not ratified by the holders of a majority of the shares voting in person or by proxy at the Meeting, the Audit Committee will consider appointing another independent registered public accounting firm. The Audit Committee may terminate the appointment of CohnReznick LLP as the Company's independent registered public accounting firm without the approval or ratification of the Company's shareholders whenever the Audit Committee considers such termination to be appropriate. A representative of CohnReznick LLP is expected to be present at the Meeting and will have an opportunity to make a statement if such representative so desires and will be available to respond to appropriate questions.

Vote Required

Ratification of CohnReznick LLP as the Company's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares casting votes in person or by proxy on this proposal at the Meeting. Abstentions will have no effect on the outcome of the vote.

The Board recommends that shareholders vote “FOR” the ratification of the appointment of CohnReznick LLP as the Company’s independent registered public accounting firm. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the ratification of such appointment.

Independent Registered Public Accounting Firm Fees

The following table shows the fees paid or accrued for audit, audit-related, tax and all other services rendered by CohnReznick LLP for the last two fiscal years ended February 25, 2018 and February 26, 2017, respectively:

	2018	2017
Audit Fees ^(a)	\$ 484,000	\$ 472,000
Audit-Related Fees ^(b)	14,000	33,000
Tax Fees	0	0
All Other Fees	0	0
	<u>\$ 498,000</u>	<u>\$ 505,000</u>

(a) Audit fees include fees for the audit of the Company's consolidated financial statements, interim reviews of the Company's quarterly financial statements and the audit of the Company's internal control over financial reporting and include out-of-pocket expenses.

(b) Audit-Related fees consist of fees for the audit of the Company's Employees' Profit Sharing and 401(k) Retirement Savings Plan.

The services performed by CohnReznick LLP were pre-approved in accordance with the pre-approval policy adopted by the Audit Committee.

Audit Committee Pre-Approval Policy

The policy of the Audit Committee is to require that all services to be provided to the Company by the Company's independent registered public accounting firm must be approved by the Audit Committee before such services are provided by the independent registered public accounting firm.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and greater than 10 percent shareholders are required by regulations of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) reports they file. Based solely on a review of the copies of such reports furnished to the Company, or written representations that no Form 5 reports were required, the Company believes that all Section 16(a) filing requirements applicable to its officers, directors and greater than 10 percent beneficial owners were complied with during the 2018 fiscal year, except that Benjamin W. Shore, Senior Vice President – Business Development of the Company, inadvertently did not file his Form 3 Initial Statement of Beneficial Ownership of Securities in a timely manner after his election as Senior Vice President – Business Development of the Company on October 9, 2017. Such Statement was filed on October 20, 2017 by Mr. Benjamin Shore.

SHAREHOLDER PROPOSALS

Shareholder proposals intended to be presented at the 2019 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Exchange Act must be received by the Company at the Company's principal executive offices for inclusion in the Proxy Statement and form of Proxy relating to that meeting by February 21, 2019. In

order for shareholder proposals made outside of Rule 14a-8 under the Exchange Act to be considered “timely” within the meaning of Rule 14a-4(c) under the Exchange Act, such proposals must be received by the Company at the Company’s principal executive offices by April 25, 2019. The Company’s By-Laws require that proposals of shareholders made outside of Rule 14a-8 under the Exchange Act must be submitted, in accordance with the requirements of the By-Laws, not later than April 25, 2019 and not earlier than March 26, 2019.

OTHER MATTERS

Audit Committee Report

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the accounting, auditing, financial reporting, internal control and legal compliance functions of the Company and its subsidiaries. The Board of Directors has determined that all members of the Audit Committee are “independent”, as required by the current rules of the New York Stock Exchange. The Committee functions pursuant to a Charter that has been adopted by the Board, as required by rules of the New York Stock Exchange.

Management of the Company is responsible for the preparation, presentation and integrity of the Company’s financial statements, and for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to provide reasonable assurance of compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out an audit in accordance with the standards of the Public Company Accounting Oversight Board and expressing an opinion as to the conformity of the financial statements with generally accepted accounting principles and as to the Company’s internal control over financial reporting.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended February 25, 2018 with management and with CohnReznick LLP, the Company’s independent registered public accounting firm for the 2018 fiscal year. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board. This discussion included, among other things, the quality of the Company’s accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company’s financial statements, including the disclosures relating to critical accounting policies and practices used by the Company. The Audit Committee has reviewed permitted services under the rules of the Securities and Exchange Commission as currently in effect and discussed with CohnReznick LLP their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by the Public Company Accounting Oversight Board in Rule 3526, Communication with Audit Committees Concerning Independence, and the Audit Committee has considered whether the provision of non-audit services by the independent registered public accounting firm to the Company is compatible with maintaining such firm’s independence and has discussed with CohnReznick LLP their independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. The Audit Committee’s considerations and discussions referred to above do not assure that the audit of the Company’s financial statements for the fiscal year ended February 25, 2018 has been carried out in accordance with the standards of the Public Company Accounting Oversight Board or that the financial statements are presented in accordance with generally accepted accounting principles.

Based upon the review and discussions described in this Report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended February 25, 2018 for filing with the Securities and Exchange Commission.

Proxy Solicitation

The Company will bear the expense of proxy solicitation. Directors, officers and employees of the Company and its subsidiaries may solicit proxies by mail, telephone, electronic-mail, facsimile or in person (but will receive no additional compensation for such solicitation). The Company also has retained Morrow Sodali LLC, 470 West Avenue, Stamford, Connecticut 06902, to assist in the solicitation of proxies in the same manner at an anticipated fee of approximately \$7,500, plus reimbursement of certain out-of-pocket expenses. In addition, brokerage houses and other custodians, nominees and fiduciaries will be requested to forward the soliciting material to beneficial owners and to obtain authorizations for the execution of proxies, and if they in turn so request, the Company will reimburse such brokerage houses and other custodians, nominees and fiduciaries for their expenses in forwarding such material.

Director Candidates

The Nominating Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Committee may also consider the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Nominating Committee, a shareholder must submit the recommendation in writing and must include the name of the shareholder and evidence of the shareholder's ownership of Company stock, including the number of shares owned and the length of time of ownership, and the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the candidate's consent to be named as a director if selected by the Nominating Committee and nominated by the Board.

The shareholder recommendation and information described above must be sent to the Corporate Secretary at the Company's office at 48 South Service Road, Melville, New York 11747 and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders, which will be March 26, 2019.

The Nominating Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Nominating Committee considers a candidate's experiences, skills, expertise, diversity, character, business judgment, dedication, time availability in light of other commitments, potential conflicts of interest and such other relevant factors that the Committee considers appropriate in the context of the needs of the Board. While the Nominating Committee does not have a diversity policy, it considers diversity of knowledge, skills, professional experience, education and background in industries relevant to the Company as factors as it evaluates director candidates.

The Nominating Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who have had a change in circumstances that might make them available to serve on the Board – for example, retirement as a CEO or CFO of a public company. As described above, the Nominating Committee will also consider candidates recommended by shareholders.

When a person has been identified by the Nominating Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating Committee requests information from the candidate, reviews the candidate's accomplishments and qualifications, including in light of any other candidates whom the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Nominating Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons who may have greater first-hand knowledge of the candidate's accomplishments. The Nominating Committee's evaluation process does not vary based on whether

or not a candidate is recommended by a shareholder, although, as stated above, the Committee may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Communications with Directors

The Board has established a process to receive communications from shareholders and other interested parties. Shareholders and other interested parties may contact any member (or all members) of the Board, including the non-management directors as a group, by mail. To communicate with the Board of Directors, any individual director or the non-management directors, correspondence should be addressed to the Board of Directors or any such individual director or the non-management directors by either name or title. All such correspondence should be sent “c/o Corporate Secretary” at the Company’s office at 48 South Service Road, Melville, New York 11747.

All communications received as set forth in the preceding paragraph will be opened by the office of the Company’s Corporate Secretary for the sole purpose of determining whether the contents represent a message to the directors of the Company. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or the non-management directors, the Corporate Secretary’s office will make sufficient copies of the contents to send to each director who is a member of the group to which the communication is addressed.

Code of Ethics and Business Conduct

For more than forty-five years, the Company has maintained basic corporate rules and guidelines agreed to in writing by its Chief Executive Officer and its business unit presidents and controllers. Such rules and guidelines cover such matters as personnel guidelines, transactions with suppliers, conflicts of interest and business ethics, transactions with relatives and friends, cash control and consolidations, capital expenditures, disposal of property, plant, equipment and inventory, insurance programs, legal matters and contracts, credit and collections, unusual business transactions and special charges and transfer charges, inventory levels, weekly and monthly financial reports and annual business plans, employee safety and environmental matters.

The Board has adopted a Code of Ethics for the Company’s Chief Executive Officer, Chief Financial Officer and Controller and, as required by rules of the New York Stock Exchange, a Code of Business Conduct and Ethics for the Company’s directors, officers and employees. Substantially all of the matters required to be addressed in the Code of Ethics and Code of Business Conduct and Ethics have been addressed in the corporate rules and guidelines which the Company has maintained since 1967, although the Code of Business Conduct and Ethics applies to all directors, officers and employees of the Company and its subsidiaries.

The Company’s Code of Ethics and the Company’s Code of Business Conduct and Ethics are available on the Company’s web site at www.parkelectro.com under the caption “Shareholders - Charters and Codes” as required by rules of the New York Stock Exchange and the Securities and Exchange Commission. In addition, copies of the Company’s Code of Ethics and Code of Business Conduct and Ethics are available in print to any shareholder upon request submitted to the Corporate Secretary at the Company’s office at 48 South Service Road, Melville, New York 11747. The Company intends to satisfy any disclosure requirements regarding an amendment to, or waiver from, the Code of Ethics by posting such information on the Company’s web site at the above internet address.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which are available on the Company’s web site at www.parkelectro.com under the caption “Shareholders - Charters and Codes” as required by rules of the New York Stock Exchange and are available in print to any shareholder upon request submitted to the Corporate Secretary at the Company’s office at 48 South Service Road, Melville, New York 11747.

Other Matters to be Presented to the Meeting

The Board does not know of any other matters to be brought before the Meeting. If any other matters not mentioned in this Proxy Statement are properly brought before the Meeting, including matters incident to the conduct of the Meeting or relating to any adjournment of the meeting, the persons named in the enclosed proxy intend to vote such proxy in accordance with their best judgment on any other matters properly presented at the Meeting.

Annual Report

The Annual Report on Form 10-K, including financial statements, of the Company for the fiscal year ended February 25, 2018 is enclosed herewith but is not a part of the proxy soliciting material. Additional copies of the Annual Report on Form 10-K are available to shareholders at no charge upon written request to the Corporate Secretary of the Company at the Company's office at 48 South Service Road, Melville, New York 11747 or are available on the Company's web site at www.parkselectro.com under the caption "Shareholders – SEC Filings".

By Order of the Board of Directors,

Stephen E. Gilhuley
*Executive Vice President – Administration
and Secretary*

**PARK ELECTROCHEMICAL CORP.
2018 STOCK OPTION PLAN**

1. Purpose of the Plan. This Park Electrochemical Corp. 2018 Stock Option Plan (herein called the “Plan”) is designed to promote shareholder value by providing appropriate incentives to certain employees, including officers, of Park Electrochemical Corp., a New York corporation (the “Company”), and any of its present or future subsidiaries (“Subsidiaries”), and to offer an additional inducement in obtaining the services of employees, directors and consultants. The Plan provides for the grant of (i) incentive stock options (“Incentive Stock Options”), as contemplated by Section 422 of the Internal Revenue Code of 1986, as now in effect or later amended or superseded (the “Code”), which Options shall be subject to the tax treatment described in Section 421 of the Code, and (ii) non-qualified stock options (“Non-Qualified Stock Options” and, together with Incentive Stock Options, the “Options”).

The Plan supersedes and replaces the Park Electrochemical Corp 2002 Stock Option Plan, as amended (the “Prior Plan”), for options granted on or after the Effective Date (as hereinafter defined in Section 14) of this Plan. Options may not be granted under the Prior Plan beginning on the Effective Date, but the adoption and effectiveness of the Plan will not affect the terms or conditions of any outstanding options granted under the Prior Plan prior to the Effective Date, and the Prior Plan shall remain in effect with respect to all outstanding options granted under the Prior Plan until such options have been exercised, forfeited, canceled, expired or otherwise terminated in accordance with the terms of such options. At the Effective Date, none of the shares of Common Stock available under the Prior Plan shall be available under this Plan and none of the shares of Common Stock subject to outstanding options granted under the Prior Plan shall again become available for issuance under this Plan, whether upon the expiration, termination, cancellation or forfeiture of such options or otherwise.

2. Stock Subject to the Plan. Options may be granted under the Plan to purchase in the aggregate not more than 800,000 shares of Common Stock, par value \$.10 per share, of the Company (“Common Stock”), which shares may, in the discretion of the board of directors of the Company (the “Board”), consist either in whole or in part of authorized but unissued shares of Common Stock or shares of Common Stock held in the treasury of the Company, and all of which are available for the grant of both Incentive Stock Options and Non-Qualified Stock Options. Subject to the provisions of Section 7 hereof, any shares of Common Stock subject to an Option which for any reason expires or is terminated unexercised as to such shares shall again become available for issuance under this Plan.

3. Administration of the Plan. The Plan shall be administered by the Board or such committee as the Board may establish or designate from time to time (the “Committee”). The Committee shall be composed of one or more members each of whom shall, unless otherwise determined by the Board, be “non-employee directors,” within the meaning of Rule 16b-3 (as amended or superseded) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Committee shall have such powers and authorities related to the administration of the Plan as are consistent with the governing documents of the Company and applicable law. If the Board does not establish or designate a Committee to administer the Plan, all references herein to the Committee shall be deemed to be references to the Board. In addition, all references in the Plan to the authority, determinations or actions of the Committee shall be deemed to include the authority, determinations and actions of the Board as well as the Committee, including the right of the Committee to send any determination or action to the Board for review, approval and/or ratification by the Board.

Subject to the express provisions of the Plan, the Committee shall have the authority, in its discretion, to (i) determine the individuals to receive Options (each an “Optionee”), (ii) determine the times when an Optionee shall receive an Option, (iii) determine the number of shares of Common Stock to be subject to each Option (except that no grants of Options may be made “in tandem,” *i.e.*, where an exercise of one Option, in whole or in part, automatically results in the lapse of termination of another Option, in whole or in part), (iv) determine whether and to what extent Options shall be designated Incentive Stock Options or Non-Qualified Stock Options, (v) determine the amount of any required federal income tax or other withholding amount, (vi) determine the term of each Option, (vii) determine the date each Option shall become exercisable, (viii) determine whether an Option shall be exercisable in whole, in part or in installments, and if in installments, the number of shares subject to each

installment, the date each installment shall become exercisable and the term of each installment, and whether to accelerate the date of exercise of any installment, (ix) amend, modify or supplement the terms of any Option that has been granted, (x) make any adjustments necessary or desirable as a result of the granting of Options to eligible individuals located outside the United States, (xi) determine the terms and conditions of each Option (including but not limited to, the Exercise Price (as hereinafter defined in Section 5), the nature and duration of any restriction or condition (or provision for the lapse thereof) relating to vesting (including performance conditions), exercise, transfer, suspension or forfeiture of an Option or the Common Stock subject thereto and the method or methods to be used for the same, and any terms or conditions that may be necessary to qualify as an Incentive Stock Option or to ensure exemption from or compliance with Section 409A of the Code, (xii) prescribe the form of the agreements evidencing Options granted under the Plan, (xiii) determine whether, to what extent, and under what circumstances, Options may be settled in cash, Common Stock, other securities or other property, and the method or methods by which Options may be settled, (xiv) permit or require the deferral of any gain attributable to the exercise of an Option into a deferred compensation arrangement, subject to compliance with Section 409A of the Code, where applicable, and such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest or dividend equivalents, if any, including converting such interest or dividend equivalents into deferred Common Stock equivalents; provided, however, that notwithstanding the foregoing, no deferral shall be allowed if the deferral opportunity would subject any Option, which would otherwise be excluded from Section 409A of the Code, to the requirements of Section 409A of the Code, and (xv) include as a condition to the receipt, exercise or settlement of an Option and the timing thereof, certain corporate and individual performance conditions, where such conditions may consist of one or more business criteria and a targeted level or levels of performance with respect to such criteria to be achieved during any performance period, and the length of such performance period; provided, that performance conditions may differ for Options granted to any one Optionee or different Optionees.

The Committee is authorized to interpret the Plan and the Options granted under the Plan and the agreements evidencing such Options, to establish, amend and rescind any rules relating to the Plan, and to make any other determinations which it deems necessary or desirable for the administration of the Plan; provided, that, notwithstanding the foregoing, no amendment, modification or supplement of any outstanding Option shall, without the consent of the Optionee, impair the Optionee's rights under such outstanding Option, or subject any outstanding Option to the requirements of Section 409A of the Code that was exempt from such application as of the grant date. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Option or any agreement evidencing an Option in the manner and to the extent the Committee deems necessary or desirable to carry it into effect. Any decision of the Committee in the interpretation and administration of the Plan, as described herein, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned. The Committee may act only by a majority of its members in office, except that the members thereof may authorize any one or more of their members or any officer of the Company to execute and deliver documents or to take any other action on behalf of the Committee with respect to Options granted or to be granted to Optionees.

No member of the Committee and no officer of the Company shall be liable for anything done or omitted to be done in good faith by such person, by any other member of the Committee or by any officer of the Company in connection with the performance of duties under the Plan, except for such person's own willful misconduct or as expressly provided by applicable law. The Company shall indemnify and hold harmless each member of the Committee and each officer of the Company to whom any duty or power relating to the administration or interpretation of the Plan may be allocated or delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim) arising out of any act or omission to act in connection with the Plan unless arising out of such person's own willful misconduct or bad faith; provided, however, that approval of the Board shall be required for the payment of any amount in settlement of a claim against any such person. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's governing documents, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Notwithstanding anything in the Plan to the contrary, an outstanding Option may not be amended to reduce the Exercise Price of such Option and an outstanding Option (with an Exercise Price greater than the Fair Market Value of a share of Common Stock) may not be cancelled in exchange for cash or another Option with an Exercise

Price that is less than the Exercise Price of the original Option, in each case, without the prior approval of the Company's shareholders, provided that appropriate adjustments may be made to outstanding Options pursuant to Section 10 hereof.

The "grant date" for an Option under the Plan shall be the date on which the Committee approves a grant or such later date as may be specified by the Committee.

4. Eligibility. The Committee may, consistent with the purposes of the Plan, grant Options from time to time within ten (10) years from the Effective Date, to (i) certain employees, including officers and directors who are employees, of the Company or any Subsidiary, (ii) directors of the Company who are not employees of the Company or any Subsidiary and (iii) consultants rendering services to the Company or any Subsidiary, covering such number of shares of Common Stock as the Committee may determine and subject to such terms and conditions as the Committee shall from time to time determine in its sole discretion, subject to the terms and provisions of the Plan.

The aggregate Fair Market Value (determined as of grant date of the Option) of the shares of Common Stock with respect to which Incentive Stock Options may be granted under this Plan and any other incentive stock options satisfying the requirements of Section 422 of the Code granted under any other plan of the Company or any Subsidiary (as defined in Section 424(f) of the Code) or of its parent (as defined in Section 424(e) of the Code) which are exercisable for the first time by any particular Optionee during any calendar year shall not exceed \$100,000 for such Optionee. In addition, no Incentive Stock Option may be granted under the Plan if such grant, together with any other applicable grant of Incentive Stock Options under the Plan and any other incentive stock options satisfying the requirements of the Code granted under any other plan of the Company or any Subsidiary (as defined in Section 424(f) of the Code) or of its parent (as defined in Section 424(e) of the Code), would exceed any other applicable maximum established under the Code for incentive stock options. If an Option granted under the Plan exceeds the foregoing limitations, such Option shall be deemed a Non-Qualified Stock Option to the extent it exceeds such limitations.

Notwithstanding anything in the Plan to the contrary, commencing in the Company's fiscal year ending March 3, 2019, no individual may, in any such fiscal year, receive Options relating to Common Stock which in the aggregate exceed the greater of (i) 50% of the total number of shares of Common Stock granted pursuant to the Plan in any such year or (ii) 100,000 shares of Common Stock. Further, notwithstanding anything in the Plan to the contrary, the aggregate Fair Market Value on the grant date (computed as of such grant date in accordance with applicable financial accounting rules) of all Options granted to any non-employee director of the Company during any single fiscal year shall not exceed \$500,000; provided, however, that such limit shall not apply to any election of a non-employee director to receive an Option in lieu of all or a portion of any annual committee cash retainers or other similar cash-based payments.

5. Exercise Price. The exercise price of the Common Stock under each Option shall be determined by the Committee, but shall in no event be less than the Fair Market Value of the Common Stock at the grant date; provided, however, that if as of the grant date of an Incentive Stock Option, the grantee owns stock possessing more than 10% of the total combined voting power of all classes of the capital stock of the Company, of its present and future subsidiaries (as defined in Section 424(f) of the Code) or of a parent (as defined in Section 424(e) of the Code), the exercise price shall not be less than 110% of the Fair Market Value of the Common Stock as of the grant date (the "Exercise Price").

"Fair Market Value" shall mean the reported closing price of the Common Stock on the New York Stock Exchange (or, if the Common Stock is not then listed on the New York Stock Exchange, on such other securities exchange on which the Common Stock may then be listed), on the date preceding the grant date, or if there is no reported sale of the Common Stock on that date, then on the last previous day on which such sale was reported; provided that, if the foregoing clause is inapplicable, Fair Market Value shall be determined by the Committee and provided that, with respect to Incentive Stock Options, if such method is inconsistent with any regulations applicable to such Options adopted by the U.S. Department of Treasury, then the Fair Market Value shall be determined by the Committee consistent with such regulations.

6. Term of Option/Vesting. The term of each Incentive Stock Option granted pursuant to the Plan shall be for a period not exceeding ten (10) years from the grant date; provided, however, that if, as of the grant date of an Incentive Stock Option, the grantee owns stock possessing more than 10% of the total combined voting power of all classes of the capital stock of the Company, of any of its present or future subsidiaries (as defined in Section 424(f) of the Code) or of a parent (as defined in Section 424(e) of the Code), the term of the Incentive Stock Option granted to such individual shall be for a period not exceeding five (5) years from the grant date. The term of each Non-Qualified Stock Option granted pursuant to the Plan shall be for a period not exceeding ten (10) years from the grant date. Options shall be subject to earlier termination as hereinafter provided.

Subject to Section 10(b) hereof, each Option shall have a minimum vesting period of one year from the grant date; provided that, Options with respect to 5% of the total Common Stock authorized to be issued under the Plan may have a vesting period of less than one year.

7. Exercise or Surrender of Option. (a) General. An Option (or any part or installment thereof) shall be exercised by giving written notice to the Company at its principal office (as of the Effective Date, located at 48 South Service Road, Melville, NY 11747), identifying the Option being exercised, specifying the number of shares of Common Stock as to which such Option is being exercised and accompanied by payment in full of the aggregate Exercise Price therefor (i) in cash (including check, bank draft or money order, or wire or other transfer of funds to the Company), (ii) at the discretion of the Committee (including if provided in the applicable Stock Option Contract), in shares of Common Stock with a Fair Market Value equal to the Exercise Price or a combination of cash and shares of Common Stock which in the aggregate are equal in value to such Exercise Price, plus, in either case, any required federal income tax or other withholding amount or (iii) to the extent permitted by law and to the extent permitted by the Committee, in its sole discretion, may be made all or in part by delivery (on a form acceptable to the Committee) of an irrevocable direction to a registered securities broker acceptable to the Company to sell shares of Common Stock and to deliver all or part of the sales proceeds to the Company in payment of the Exercise Price and any required federal income tax or other withholding amount. Certificates representing the shares of Common Stock purchased shall be issued as promptly as practicable thereafter, and, at the discretion of the Committee, such certificates may be issued in the name of the Optionee and another person jointly with the right of survivorship. The Optionee shall not have the right of a shareholder with respect to the shares of Common Stock covered by the Option until the date of issuance of a stock certificate to such Optionee for such shares or as evidenced by the appropriate entry on the books of the Company. In no case may a fraction of a share be purchased or issued under the Plan. For the avoidance of doubt, shares of Common Stock used to satisfy the payment of the Exercise Price or any required federal income tax or other withholding requirements, will not then be again available for issuance under the Plan for grants of Options.

(b) Surrender. (1) General Rule. The Committee may provide in the applicable Stock Option Contract that an Optionee may surrender such Option in whole or in part in lieu of the exercise in whole or in part of that Option on any date that:

(a) the Fair Market Value of the Common Stock subject to such Option exceeds the Exercise Price for such Common Stock; and

(b) the Option to purchase such Common Stock is otherwise exercisable.

(2) Procedure. The surrender of an Option in whole or in part shall be effected by the delivery of the Stock Option Contract to the Committee or to its delegate together with a statement signed by the holder of the Option which specifies the number of shares of Common Stock as to which the Optionee surrenders the Option and how the Optionee desires payment be made for such Common Stock surrendered in accordance with this Section 7(b)(2).

(3) Payment. In exchange for the Option surrendered in accordance with this Section 7(b)(3), the Optionee shall receive a payment in cash or in Common Stock, or in a combination of cash and Common Stock, equal in amount on the date such surrender is effected to the excess of the Fair Market Value of the Common Stock subject to such Option surrendered in accordance with this Section 7(b)(3) on such date over the Exercise Price for such Common Stock subject to such Option (reduced by any applicable federal income tax or other withholding amount). The Committee may approve or disapprove the request for payment by the Optionee in whole or in part in cash and may cause such payment to be made in cash or in such combination of cash and

Common Stock as the Committee deems appropriate. A request for payment only in Common Stock shall be approved and made in Common Stock to the extent payment can be made in whole shares of Common Stock and, at the Committee's discretion, in cash in lieu of any fractional share of Common Stock.

8. Termination of Employment. Unless otherwise provided in connection with the grant of any Option, the applicable Stock Option Contract or an employment, consulting or severance agreement with the Company or any Subsidiary, (a) upon the termination of employment or service as a director or consultant of any Optionee, all Options held by such Optionee that have not previously become exercisable shall terminate on the date of such termination of employment or service, (b) any Optionee whose employment or whose service as a director or consultant has terminated for any reason other than death, or as set forth in (d) below, may exercise such Option, to the extent exercisable upon the date of such termination, at any time within three (3) months (or, for an Optionee terminated by reason of disability (as defined in Section 22(e)(3) of the Code), within one (1) year), after the date of termination, but in no event after the expiration of the term of the Option, (c) with respect to any Optionee whose employment or service as a director or consultant has terminated as a result of the Optionee's death, the executor, administrator or such other person at such time entitled by law to such rights under such Option, may exercise such Option, to the extent exercisable upon the date of such termination, at any time within six (6) months after the date of termination, but in no event after the expiration of the term of the Option and (d) with respect to any Optionee whose employment or service as a director or consultant has terminated either (i) for Cause (as defined below), or (ii) without the consent of the Company, all Options (to the extent not previously exercised) held by such Optionee shall terminate immediately.

Options granted under the Plan shall not be affected by any change of employment (including duties or position) so long as the Optionee continues to be an employee of the Company or of any Subsidiary or of a corporation or its parent or subsidiary issuing or assuming an Option in a transaction to which Section 424(a) of the Code applies. In connection with the termination of employment or service as a director or consultant of any Optionee, the Committee may, in its discretion, determine to permit a longer period than that specified in this Section 8, the applicable Stock Option Contract or an applicable employment, consulting or severance agreement with the Company or any Subsidiary for the exercise of all or any part of such Option after such termination; provided, that, such period does not extend past the expiration of the term of such Option or is otherwise not permitted under Section 409A of the Code. Such provisions shall be determined in the sole discretion of the Committee, need not be uniform among all Options and may reflect distinctions based on the reason for a termination of employment or service.

For the purpose of the Plan, an employment relationship shall be deemed to exist between an individual and a corporation if, at the time of the determination, the individual was an employee of such corporation for purposes of Section 422(a) of the Code. As a result, an individual on military leave, sick leave or other bona fide leave of absence shall continue to be considered an employee for purposes of the Plan during such leave if the period of the leave does not exceed 90 days, or, if longer, so long as the individual's right to re-employment with the Company or any of its Subsidiaries is guaranteed either by applicable law or by contract. If the period of leave exceeds 90 days and the individual's right to re-employment is not guaranteed by applicable law or by contract, the employment relationship shall be deemed to have terminated on the 91st day of such leave.

Nothing in the Plan or in any Option shall confer on any person any right to continue in the employ or as a consultant of the Company or any Subsidiary, or as a director or consultant of the Company, or interfere in any way with any contractual or other right of the Company or any Subsidiary to terminate such relationship (or revise the compensation, position or duties of such person) at any time for any reason whatsoever. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described in this Plan, in the manner and under the conditions prescribed in this Plan, and to the extent that any Optionee or beneficiary acquires a right to receive payments from the Company pursuant to an Option, such right shall be not greater than the right of any unsecured creditor of the Company. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party or otherwise hold any amounts in trust or escrow for payment to any Optionee or beneficiary under the terms of the Plan.

“Cause”, in connection with the termination of an Optionee, shall mean (i) “cause,” as such term (or any similar term, such as “with cause”) is defined in any employment, consulting, severance or other applicable agreement for services between the Company or any Subsidiary and such Optionee, or (ii) in the absence of such an agreement,

“cause,” as such term is defined in the Stock Option Contract executed by the Company and such Optionee pursuant to Section 9 hereof, or (iii) in the absence of both of the foregoing, (A) indictment of such Optionee for any illegal conduct, (B) failure of such Optionee to adequately perform any of the Optionee’s duties and responsibilities in any capacity held with the Company or any Subsidiary (other than any such failure resulting solely from such Optionee’s physical or mental incapacity), (C) the commission of any act or failure to act by such Optionee that involves moral turpitude, dishonesty, theft, destruction of property, fraud, embezzlement or unethical business conduct, or that is otherwise injurious to the Company or any Subsidiary or any other affiliate of the Company (or its or their respective employees), whether financially or otherwise, (D) any violation by such Optionee of any Company rule or policy, or (E) any violation by such Optionee of the requirements of any other contract or agreement between the Company or any Subsidiary and such Optionee or the Plan (as in effect from time to time); in each case, with respect to subsections (A) through (E), as determined by the Board or the Committee.

9. Stock Option Contracts. Each Option shall be evidenced by an appropriate Stock Option Contract which shall provide, among other things, (a) that in the event of the exercise of such Option, unless the Common Stock received upon exercise shall have been registered pursuant to an effective registration statement under the Securities Act of 1933, as amended, the individual acknowledges that such Common Stock may be “restricted securities” as defined in Rule 144 under such Act and agrees that such Common Stock may not be sold except in compliance with applicable provisions of such Act, and (b) that in the event of any disposition of the Common Stock acquired upon the exercise of an Incentive Stock Option within two (2) years from the grant date or one (1) year from the date of issuance of Common Stock (upon the exercise of such Option) to the Optionee, such Optionee will notify the Company thereof in writing within thirty (30) days after such disposition and will pay to the Company an amount necessary to satisfy any obligations the Company may have to withhold any taxes by reason of such disqualifying disposition.

10. Adjustments Upon Changes in Common Stock; Certain Other Changes.

(a) In the event the shares of Common Stock are changed into or exchanged for any other class or series of capital stock or cash or securities or other property pursuant to a recapitalization, reclassification, share split, reverse split, combination of shares, exchange of shares, share dividend or other extraordinary or special distribution, occurring after the Effective Date, the number shares of Common Stock for which grants of Options may be made under the Plan shall be adjusted proportionately and accordingly by the Board, whose determination shall be conclusive. In addition, the number shares of Common Stock for which Options are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Optionee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in respect of Options shall not change the economic value of such unexercised Options, but shall include a corresponding proportionate adjustment in the Exercise Price. Notwithstanding the foregoing, in the event of any extraordinary or special distribution or dividend to shareholders of the Company but excluding a non-extraordinary or non-special dividend payable in cash or in shares of Common Stock, the Company may, in such manner as the Board, whose determination shall be conclusive, deems appropriate, adjust the number shares of Common Stock subject to the Option and/or the Exercise Price of such Option to reflect such distribution or dividend. Any adjustment under this Section 10 shall be made in a manner consistent with the requirements of Sections 409A and 424 of the Code and the regulations promulgated thereunder.

(b) The provisions of this Section 10(b) shall apply in the case of a Change of Control. If more specific terms are set forth in any separate plan document or agreement between the Company or any Subsidiary and an Optionee, such separate plan or document shall govern the treatment of Options.

(i) Upon the occurrence of a Change of Control, and except with respect to any Option assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change of Control in a manner approved by the Committee or the Board, the Committee, in its sole discretion, or as otherwise set forth in a Stock Option Contract, may take such actions as it deems appropriate to provide for the acceleration of the exercisability and vesting in connection with such Change of Control of any or all outstanding Options upon such conditions and to such extent as the Committee shall determine. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 422(d) of the Code, the excess Options shall be deemed to be Non-Qualified Stock Options.

(ii) With respect to Options assumed by the surviving entity or otherwise equitably converted or substituted in connection with a Change of Control, if within one year after the effective date of a Change of Control, an Optionee's employment or service is terminated without Cause or with Good Reason, then

- a. Any time-based vesting restrictions on outstanding Options shall lapse; and
- b. The payout opportunities attainable under all of such Optionee's outstanding performance-based Options shall be earned based on actual performance through the end of the performance period, or if actual performance cannot be determined, at target level, and there shall be a payout to the Optionee within 30 days after the amount earned has been determined (unless a later date under Section 10(b)(iii) hereof is required) based on the length of time within the performance period that has lapsed prior to the date of termination.

To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 422(d) of the Code, the excess Options shall be deemed to be Non-Qualified Stock Options.

(iii) No action shall be taken under this Section 10(b) which shall cause an Option to fail to be exempt from or comply with Section 409A of the Code or the treasury regulations thereunder.

For purposes of the foregoing, "Change of Control" shall mean: (i) any Person (as defined in Section 3(a)(9) of the Exchange Act, but excluding (1) the Company, (2) a trustee or other fiduciary holding securities under an employee benefit plan of the Company, (3) an underwriter temporarily holding securities pursuant to an offering of such securities, or (4) a corporation owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of stock of the Company), is or becomes the "Beneficial Owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company (not including in the securities Beneficially Owned by such Person any securities acquired directly from the Company) representing 30% or more of the Company's then outstanding securities, excluding any Person who becomes such a Beneficial Owner in connection with a Non-control Merger (as defined in clause (iii) below); or (ii) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on the Effective Date, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to, a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds of the directors then still in office who either were directors on the Effective Date or whose appointment, election or nomination for election was previously so approved or recommended; or (iii) there is consummated a merger or consolidation of the Company with any other corporation; other than a merger or consolidation immediately following which the individuals who comprise the Board immediately prior thereto constitute at least a majority of the Board, the entity surviving such merger or consolidation or any parent thereof (a "Non-control Merger"); or (iv) the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets immediately following which the individuals who comprise the Board immediately prior thereto constitute at least a majority of the Board of the entity to which such assets are sold or disposed or any parent thereof.

For purposes of the foregoing, "Good Reason", in connection with the termination of an Optionee, shall mean (i) "good reason," as such term (or any similar term) is defined in any employment, consulting, severance or other applicable agreement for services between the Company or any Subsidiary and such Optionee, or (ii) in the absence of such agreement, "good reason," as such term is defined in the Stock Option Contract executed by the Company and such Optionee pursuant to Section 9 hereof, or (iii) in the absence of both or the foregoing, a voluntary resignation within six (6) months after any of the following actions are taken by the Company or any of its Subsidiaries or affiliates without the Optionee's consent: (A) a material diminution in the responsibilities or authority

of the Optionee and which is materially inconsistent with the Optionee's position other than (1) in connection with the termination of the Optionee's employment or service for Cause, (2) temporarily while the Optionee is physically or mentally incapacitated or (3) as required by applicable law; (B) a material diminution in the annual base salary, bonus or fees to be paid to the Optionee (other than a general reduction that affects all similarly situated employees, directors or consultants of the Company in substantially the same proportions); or (C) a relocation of the Optionee's principal place of employment or service by more than 50 miles; provided, however, that none of the foregoing events shall constitute Good Reason unless the Optionee shall have notified the Company in writing describing the event(s) which constitute Good Reason within thirty (30) days of the Optionee's knowledge of the event and then only if the Company shall have failed to cure such event(s) within thirty (30) days after the Company's receipt of such written notice.

In addition, if a Change of Control constitutes a payment event with respect to any amount which constitutes or provides for the deferral of compensation and is subject to Section 409A of the Code, the transaction or event described herein with respect to such amount must also constitute a "change in control event," as defined in Treasury Regulation Section 1.409A-3(i)(5) to the extent required by Section 409A of the Code.

11. Amendments and Termination of the Plan. The Committee may, at any time, suspend or terminate the Plan or revise or amend it in any respect whatsoever, provided, however, that the requisite shareholder approval shall be required if and to the extent the Committee determines that such approval is appropriate or necessary for purposes of satisfying Section 422 of the Code or Rule 16b-3 under the Exchange Act or other applicable law or regulations of the New York Stock Exchange (or other securities exchange on which the Common Stock is then listed). Options may be granted under the Plan prior to the receipt of such shareholder approval, but each such grant shall be subject in its entirety to such approval and no Option may be exercised, vested or otherwise satisfied prior to the receipt of such approval. No suspension, termination, revision or amendment of the Plan shall, without the consent of the Optionee affected thereby, adversely affect such Optionee's rights under such Option.

12. Non-Transferability of Options. No Option shall be transferable otherwise than by will or the laws of descent and distribution, and Options may be exercised, during the lifetime of the Optionee thereof, only by the Optionee.

If authorized in the applicable Stock Option Contract, an Optionee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any person who is a spouse, former spouse, child, stepchild, grandchild, parent, stepparent, grandparent, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother, sister, brother-in-law, or sister-in-law, including adoptive relationships, of the Optionee, any person sharing the Optionee's household (other than a tenant or employee), a trust in which any one or more of these persons (or the Optionee) have more than fifty percent of the beneficial interest, a foundation in which any one or more of these persons (or the Optionee) control the management of assets, and any other entity in which one or more of these persons (or the Optionee) own more than fifty percent of the voting interests (the "Family Members"). For the purpose of this Section 12, a "not for value" transfer is a transfer which is (i) a gift to a trust for the benefit of the Optionee and/or one or more Family Members, or (ii) a transfer under a domestic relations order in settlement of marital property rights. Following a transfer under this Section 12, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except in accordance with this Section 12 or by will or the laws of descent and distribution. The events of termination of employment of Section 8 hereof shall continue to be applied with respect to the original Optionee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified, in Section 8 hereof.

13. Conditions of Exercise or Surrender. Each Option shall be subject to the requirement that, if at any time the Committee shall determine, in its discretion, that the listing, registration or qualification of the Common Stock subject to such Option upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable, as a condition of, or in connection with, the granting of such Option or the issue or purchase of Common Stock thereunder, no such Option may be exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

14. Effective Date and Term of Plan. The Plan shall become effective when adopted by the Board (the “Effective Date”), but the Plan (and any grants of Options made prior to shareholder approval of the Plan) shall be subject to the requisite approval of the shareholders of the Company. In the absence of such approval, such Options shall be null and void. Unless earlier terminated by the Committee, the right to grant Options under the Plan shall terminate on the tenth anniversary of the Effective Date. Options outstanding at Plan termination shall remain in effect according to their terms and the provisions of the Plan.

15. Miscellaneous. (a) No Shareholder Rights. No Optionee shall have any rights as a shareholder of the Company as a result of the grant of an Option to the Optionee under this Plan or such Optionee’s exercise or surrender of such Option pending the actual issuance of shares of Common Stock subject to such Option to such Optionee.

(b) Withholding. The exercise or surrender of any Option granted under this Plan shall constitute the Optionee’s full and complete consent to whatever action the Committee elects to satisfy the federal and state tax withholding requirements, if any, which the Committee in its discretion deems applicable to such exercise or surrender.

(c) Dividends. In the event dividends or dividend equivalents are payable with respect to any Option under this Plan, no Stock Option Contract shall otherwise provide for payment of dividends or dividend equivalents on any Option or portion of an Option that is not vested.

(d) Captions. The use of captions in this Plan or any Stock Option Contract is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Stock Option Contract.

(e) Number and Gender. With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

(f) Severability. If any provision of this Plan or any Stock Option Contract shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions of the Plan or the Stock Option Contract, as applicable, shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

16. Foreign Employees. In order to facilitate the making of any grant under this Plan, the Committee may provide for such special terms for grants to employees or other persons under this Plan who are foreign nationals or who are employed by the Company or any Subsidiary outside the United States of America as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to or amendments, restatements or alternative versions of this Plan as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such document as having been approved and adopted in the same manner as this Plan. No such special terms, supplements, amendments or restatements, however, shall include any provision that is inconsistent with the terms of this Plan as then in effect unless this Plan could have been amended to eliminate such inconsistency without further approval by the shareholders of the Company.

17. Recoupment Policy. Notwithstanding any provision in this Plan, any Stock Option Contract or any employment, consulting or severance agreement with the Company or any Subsidiary, all Options under this Plan shall be subject to any compensation recoupment, other compensation recovery or clawback policy of the Company that may be applicable to any Optionee, as in effect from time to time, as approved by the Committee or the Board.

18. Section 409A. This Plan and Options are intended to either be exempt from, or comply in form and operation with, the requirements of Section 409A of the Code, and the final regulations issued thereunder. To the extent permitted by applicable Department of Treasury/Internal Revenue Service guidance, or law or regulation, the Company will take reasonable actions to reform this Plan and/or Option or any actions taken pursuant to the operation of this Plan if necessary to comply with Section 409A of the Code. Notwithstanding the foregoing, in no event shall the Company or any Subsidiary, affiliates or representatives be liable to the Optionee for any additional tax, interest or penalty imposed upon, or other detriment suffered by, the Optionee under Section 409A of the Code or for any damage suffered by the Optionee for failure of this Plan and/or Option to comply with or be exempt from Section 409A of the Code. In addition, for purposes of this Plan and Options, all references to “termination

of employment” and correlative phrases shall be construed to require a “separation from service” (as defined in Section 1.409A-1(h) of the Treasury regulations after giving effect to the presumptions contained therein). Notwithstanding anything contained herein to the contrary, if the Optionee is a “specified employee” within the meaning of Section 409A of the Code, then to the extent required in order to avoid additional and/or accelerated taxation under Section 409A of the Code, if the Optionee becomes entitled to receive a payout in respect to such Optionee’s Options on account of the Optionee’s termination of employment as set forth in this Plan, such payout shall be paid on the earlier of (i) the first business day after the date that is six (6) months following the Optionee’s termination or (ii) the date of the Optionee’s death.

19. Section 280G. Notwithstanding any other provision of this Plan or any other agreement, contract or understanding entered into by an Optionee and the Company or any Subsidiary, except an agreement, contract or understanding hereinafter entered into that expressly modifies or excludes application of this paragraph, and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Optionee (including groups or classes of Optionees or beneficiaries of which the Optionee is a member), whether or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the Optionee, if the Optionee is a “disqualified individual,” as defined in Section 280G(c) of the Code and any payment or benefit (whether or not pursuant to this Plan) the Optionee would receive in connection with a Change of Control from the Company or otherwise (the “Payment”) would (i) constitute a “parachute payment” within the meaning of Section 280G of the Code, and (ii) but for this paragraph, be subject to the excise tax imposed by Section 4999 of the Code (the “Excise Tax”), then the Optionee shall receive the Payment that provides the greater after-tax benefit to the Optionee based on the following two alternatives: (A) payment in full of the entire amount of the Payment, or (B) payment of only a part of the Payment so that the Optionee receives the largest payment possible without the imposition of the Excise Tax (a “Reduced Payment”). In determining the Reduced Payment, the reduction in payments and/or benefits shall occur in the following order: (A) reduction of cash payments in the reverse chronological order in which otherwise payable; (B) cancellation of accelerated vesting of outstanding Options; and (C) reduction of other benefits paid to Optionee in the reverse chronological order in which otherwise payable. In the event that acceleration of compensation from outstanding Options is to be reduced, such acceleration of vesting shall be canceled in the reverse order of the grant date and, in the case of a particular grant, in the reverse chronological order in which the grant would otherwise vest.

20. Statute of Limitations. An Optionee or any other person filing a claim for benefits under this Plan must file a claim within one-year after the Optionee or other person knew or reasonably should have known of the principal facts on which the claim is based.

21. Governing Law. The validity and construction of this Plan and Stock Option Contracts shall be governed by the laws of the State of New York, without giving effect to any choice or conflicts of laws’ provisions or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of New York.

As adopted by the Board as of May 8, 2018, subject to approval by the shareholders of the Company as set forth in this Plan.
